

July 8, 2010

From: Head Coach Marshall of LifeSports

Ref: Alburuj R. Rahman

To Whom It May Concern:

Alburuj R. Rahman has been a participant of the summer sports camp, first in the National Youth Sports Program (NYSP) and later in NYSP's continuation to Life Sports, since 2004. This camp is held on the Ohio State University campus in Columbus, Ohio. This year, 2010, Alburuj has just finished his seventh year of participation. However, this year, his role was a youth leader for the group of 13 year old campers. I have been watching Alburuj all these years as he is growing to be a respectful young man.

Alburuj is an excellent and a most disciplined camper. He has always participated in all the sports and has put forth his full effort. He has always followed the instructions of his coaches and has never gave up in any activity. Because of his well manner, positive attitude, best effort, and leadership capability, he received the "Best Camper Award" twice, in 2004 and in 2009. He was also one of the few selected campers in 2006 in a rare opportunity to advertise NYSP for support inside the Jesse Owen Football field during the break of a football game in this large stadium at OSU. His fine qualities have made him a member of the National Honors Society of high school students.

We call Alburuj "the Artist". He won the NYSP design contest at the Ohio State University camp in 2004 and entered in the national contest with over 200 centers. He won one of 12 runners up positions in the national level and became part of NYSP yearly calendar of 2005 displaying designs of the 12 winners. Alburuj's design, picture and a statement were displayed in the October month page. Later Alburuj also designed the large "Thank You" wall hanging frame card that NYSP participants signed and gave to the Ohio State University for its support.

Alburuj is a sincere and devoted camper. He was accepted in the Summer Research Experience Program (SREP) at OSU in 2009 and also in this year. But he did not miss any camp day for it except for his few required workshop days, which LifeSports approved, and has arranged his research time after the camp. This year he led a group of about twenty thirteen year old kids and did a great job. He was able to get the campers to follow his instructions and earned their respect.

Alburuj has a quiet demeanor, but he carries full confidence in his ability to excel. He has the best qualities. I believe Alburuj will be a great leader and successful in his life. I would very strongly recommend for his college admission and scholarship.

Please feel free to contact me for any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "W. Marshall". The signature is fluid and cursive, with the first letter of the first name being a large, stylized 'W'.
