

# CES Small Schools Network 2008 Winter Meeting

### Essential Question:

- What do I need to *know* and *do* to lead for equity?

### Outcomes:

1. Participants will begin to develop an understanding of the role of personal transformation in leading for equity.
2. Participants will learn tools and strategies that create greater educational equity in their schools.
3. Participants will collaboratively examine data and identify patterns of inequity across the network and in their own schools.

### Meeting Goals:

1. To share experiences and expertise with one another.
2. To give each other critical, constructive and relevant feedback and support.
3. To continually develop and strengthen the Small School Network as a national professional learning community.
