OSU ID: 100672424

Dear Alburuj,

We have reviewed your application and your program preferences for the Scholars Program at The Ohio State University. I am delighted to inform you that you have been invited to join the Biological Sciences Scholars Program. The application process was extremely competitive this year, and Biological Sciences Scholars may or may not have been your first choice. However, after careful evaluation, we consider Biological Sciences Scholars Program to be your best fit within the Scholars Program.

We are proud and pleased to invite you to join this community of talented students. **To accept or decline this invitation, please visit the following secure website by May 1, 2011 and log in using your OSU ID (100672424) and password: hsapp.osu.edu/login.aspx.**

In addition to accepting your space in Biological Sciences Scholars, **you must also pay your university acceptance fee of \$100 by May 1, 2011 to reserve your seat in Ohio State's incoming autumn 2011 class.**

After you pay your acceptance fee, you will receive materials regarding summer orientation. These materials will include information about the University Orientation Sessions specifically for Scholars students. If you choose not to accept your Scholars Program invitation, please contact the orientation office at (614) 292-4161 to schedule an alternate orientation session.

In a separate mailing, you will receive information specifying how to complete your Residence Hall Contract online. Note that, Biological Sciences Scholars are required to live together in Barrett House during the first-year of the program. If you will be a student commuting from home next year, you do not need to complete a Residence Hall Contract.

Congratulations on your acceptance to the Scholars Program! We look forward to welcoming you into our community this fall. If you have any questions, please write or call the Biological Sciences Program coordinator **Melissa Basford** at **(614)292-4347** or **basford.18@osu.edu**.

Sincerely,

A handwritten signature in black ink that reads 'Garrett R. Heysel'.
