Ref: Modification in guidelines of S.N. Nahar Teacher and A.R. Rahman Student Prizes in Physics at University of Kashmir

Dear Professor Khurshid Andrabi,

Assalamu alaikum.

I received in late 2015 from Professor Manzoor Malik, Chair of the Physics Department, the scanned copy of the official letter which stated that the Physics prizes I offered were not considered by the Council of University of Kashmir in 2015. Before the Council meeting I was communicated with the suggestion to remove the word "Muslim" for the candidates in the guidelines. It was not clear to me before discussion with you in yesterday's meeting that the suggestion was from the administration of the Council. Following your advice yesterday I am writing this letter to give my consent to modify "Muslim teacher" to "teacher" and "Muslim student" to "student" in the guidelines for physics prizes at University of Kashmir. My consent letter can now be added to the existing guidelines at the resubmission for approval by the Council.

With best regards,

Prof Sultana N. Nahar
