Dear Prof. Sultana,

Salaam Alikom!

Please find the attached files of the signed certificates and the pictures for the winners.

The celebration was really wonderful, I wish you were with us.

Many people attended the celebration including: The vice President for Research (Prof. Mahmoud Sedeek), the Dean for Science Faculty (Men Branch - Prof. Said Bakrey), the Dean for Science Faculty (Girls Branch - Prof. Maha Gazy), the vice dean for Science Faculty (Prof. Khaled Mekheimer), the Chairmen for Astronomy and Physics Departments (Men Branch), Chairwomen for Physics Department (Girls Branch), Prof. Rabia, and some of the staff members from all branches. It started with reciting Quran, then Prof. Mekheimer gave a short presentation to introduce the prizes, it was really good. After that, the vice President for Research (Prof. Mahmoud Sedeek), the Dean for science Faculty (Men Branch), the Dean for Science Faculty (Girls Branch), the vice dean for Science Faculty called the winners names to hand them out the certificates and the prizes. They were so happy; you will see their happiness for their achievement in their pictures

I was so happy that I attended the celebration, I could see how much efforts the committee members (specially, Prof. Mekheimer and Prof. Rabia) did to make this event happen.

Hopefully, you will be able to attend the celebration next year.

Please confirm me that you received the files in a good format.

Regards,  
Fatma
