Dr. Sultana Nahar
140 W. 18th Ave
Astronomy
Columbus, OH 43210

Dear Sultana,

It is my great pleasure to congratulate you on 30 years of service with The Ohio State University, in the Department of Astronomy. You achieved a momentous milestone this year, and I am incredibly grateful for you and your dedication.

Your passion for Ohio State is what brings to life the incomparable Buckeye spirit and your commitment advances our important mission. On behalf of Buckeyes everywhere, I thank you for all you have done to serve our institution.

While you have probably witnessed many changes at Ohio State during your career, I am certain that 2020 brought more changes than any of us could have imagined.

Due to COVID-19, we are not able to gather and celebrate your milestone service year in person as we typically would. Please accept the enclosed service pin and a commemorative listing of all faculty and staff celebrating service milestones this year.

As you receive this token of appreciation, I hope you reflect on the growth, innovation and excellence of our university, which are outcomes of your commitment to our mission and values.

In this historic year, we appreciate your leadership and ingenuity, which will enhance the success of Buckeyes, now and in the future.

Thank you, again, for all that you have done and continue to do for Ohio State.

Sincerely yours,

Kristina M. Johnson
President

Oh come let's sing Ohio's praise
And songs to Alma Mater raise
While our hearts rebounding thrill
With joy which death alone can still
Summer's heat or winter's cold
The seasons pass the years will roll
Time and change will surely show
How firm thy friendship ... OHIO!
