Cairo University

بسم الله الرحمن الرحيم

PHYSICS DEPARTMENT

Date 1st January 2018

Dear Professor Sultana Nahar

It gives me great pleasure to invite you, through the MOA between Ohio state University and Cairo University (signed in December 2017) for three weeks starting 28 March 2018 as a Visiting Professor here.

During this period you are asked to deliver a condensed course on "Atomic Astrophysics and Spectroscopy" with computational workshops to the post graduate students of the Physics Dept., Faculty of Science, Cairo University. Students from Astronomy department and other Universities can also join this course. A maximum of 50 students will be allowed to be enrolled.

The schedule is three two hours lectures each week with with computer access to the Ohio state Fast Computer. Cairo University will support your full accommodation at the University Guest House during your stay in Cairo. Living expenses will also be provided according to MOA.

We shall be honored to welcome you in Cairo. Please confirm.

GOD BLESS YOU

Legion officer of MOA

Lotfia El Nadi

Professor of Nuclear and Laser Physics and Advanced Technology

Physics Dept., Faculty of Science, Cairo University,

Vice Director of the International Center IC-SAS

NILES, Cairo University
