25-MAR-2014: Four Ph.D students were selected in the prestigious joint collaboration between Ohio State University (OSU) USA and the Aligarh Muslim University under the Obama-Singh 21st Century Knowledge Initiative.

They are Mr. Asim Rizvi (Biochemistry) Mr. Malik Azeem Anwar (Zoology) Ms. Nida Rehmani (Biochemistry) and Hala Noman (Physics.)

Prof. Wasi Haider, Convenor, STEMP-ER Project said that a series of the interview of the ten finalist were conducted by Prof. Anil Pradhan and Dr. Sultana N. Nahar from OSU, USA. Two male and two female student were selected in the prestigious Dual degree programme.

These four student will visit OSU for ten months in August 2014. During their stay in USA, they would be taught courses in Modern Method of teaching science to undergraduate students. Further they would conduct research in frontier areas of their subject with best researchers in USA.

He said that all expenses of these students would be covered by a generous grant from USIEF under Obama-Sing 21st Century Knowledge Initiative.

In AMU these students would be taught courses through video conferencing.
