Prof. Sultana Nahar  
Department of Astronomy, The Ohio State University  
140 West 18th Avenue, McPherson Laboratory  
Columbus, OH 43210  
USA

Dear Prof. Nahar,

It is my great pleasure to invite you to visit the Department of Particle Physics and Astrophysics of Weizmann Institute of Science, during June 17, 2018- June 22, 2018 for participating in the SRitp workshop “Radiation Transfer and Explosive Thermonuclear Burning in Supernovae” and for the purpose of interaction and scientific collaboration on topics of mutual interest with members of our astrophysics group.

We have arranged for your accommodation at the Weizmann institute and will cover your travel and local expenses. Looking forward to seeing you in Rehovot.

Best wishes,

Dr. Boaz Katz  
Faculty of Physics  
Department of high energy physics and astrophysics  
Weizmann Institute of Science
