Sub: **Invitation to deliver an invited talk in AMU centenary webinar "Prospects of STEM education in 21st century and contribution of Women scientists"**.

Dear Prof Sultana N.Nahar

Greetings!

I request you to deliver an invited talk at the AMU Centenary Webinar organized under the aegis of APJ Abdul Kalam on "Prospects of STEM Education in 21st Century and Women Scientists" to be held during 13-14th October, 2020. We are celebrating 100 years of our institution in 2020 but due to COVID-19, all the functions / ceremonies are going to be held online. It will great honour to host you under the banner of **Successful Women Scientist with Dynamic Leadership Qualities** from prestigious STEM centre .

The expected audience for our webinar shall be graduate, PG and Ph.D students from STEM disciplines of AMU, India and OSU USA, other colleges around and a large attendance is also expected due to free registration. It is a motivational lecture to invoke interest for STEM disciplines. I hope you will consider our request, give your consent for the same and honour us by your valuable insights.

Best regards

Farukh Arjmand  
Professor, Aligarh Muslim University  
Department of Chemistry  
Co-Director APJ Abdul Kalam STEM ER centre
