Dear Dr. Nahar,

On behalf of the Scientific Organizing Committee of the Workshop on Astrophysical Opacities (WAO), which will be held at the Fetzer Center, Western Michigan University, Kalamazoo, MI 49008, during 1-4 August 2017, I take this opportunity to invite you to give a joint talk with Dr. Anil Pradhan in this meeting on your recent work on radiative opacities in solar interior conditions, particularly in relation to the Fe XVII ion.

Yours sincerely
