

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: 9th, Location (circle): Aligarh, Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: MANTASHA IRCHAD, Subject: ZOOLOGY, Student/Teacher/Alumni

Institution/Company WOMENS COLLEGE A.M.U., Address: 4/907 SHARQAT MANZIL DODHAR ALIGARH

1. What motivated you to choose STEM subject?

I was motivated with pre-workshop or pre-orientation meeting held in Chemistry Department. It was our first introduction which was very motivated for me. Our lecturers coming from US was very much motivated. They gave their precious time to us. STEM subject is very important for me. This is my dream to study in abroad.

2. What strategy do you follow for your study?

Learning is my passion therefore I go to such things from which I enhanced my knowledge. Someone says that "practice makes perfect" so I always trying to learn a new things and spreading to all.

3. What is your career goal?

My career goal is to build my career in a teaching profession, if I get a chance or I selected in this workshop. From childhood my parents says that I become a Doctor but when I got an admission in graduation (Zoology), their thinking, their mind almost changed & they said to me that you build your career in a "teaching profession".

4. What is your expectation from this workshop?

My expectation from this workshop was not so high just to remove our hesitation from speaking English and Inshaallah I will prove this as soon as possible. Because English is something from which we cannot escape.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

Yes I strongly motivate with STEM fields because it brings a huge change in me. As we hear in this workshop that "studying in US can give us opportunities to know & learn about other culture & sharing our culture with international friend." About so many things, websites now we know especially US. We interact with many people. We communicate with each other as a family, in this workshop.

2. Do you feel that you have a better strategy for your study?

Yes I feel that I have a better strategy for our study because for achieving anything there should be some efforts, hard work & confidence. I remain focussed to our goal & because they do not get distracted by the minor problems because they become insignificant with achievement. I think now we have to do something because of this workshop.

3. Do you have a better understanding on how to achieve your career goal?

Yes I have a better understanding on how to achieve our career goal because in everyone's life career goal or aim comes first. I give first priority to my career. Because it makes me a successful person & Inshaallah I achieve my goal as I have a full confidence on me.

4. Do you feel that this workshop has been useful?

Yes I obviously feel that this workshop has been useful for me, our future & also at present time because I met first time to our esteemed lecturers. They have a lot of knowledge in every field. I think that I actually in STEM. I'm thankful to all our beautiful lecturers, our teachers really who gave this opportunity by being a member of STEM.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: 9, Location (circle): Aligarh, Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: NARGIS BANO, Subject: Zoology, Student/Teacher/Alumni

Institution/Company WOMEN'S COLLEGE AM Address: HAMDARD NAGAR 'D' JAMALPUR ALIGARH.

1. What motivated you to choose STEM subject?

My passion towards science motivated me to choose STEM subject. because they help us in understanding everything happening in the environment whether it is human, other animals, air, water whatever it is. and also decrease the human efforts. They also help us a lot in understanding how the system works.

2. What strategy do you follow for your study?

I usually spend a lot of time in books but videos also help me a lot in understanding some complex and difficult things like techniques related to the extraction and many more. TV etc.

3. What is your career goal?

I want to become a successful researcher or basically a scientist as A.P.J Abdul Kalam and Rosalind Franklin, Watson crick was. ~~prose~~ particularly a geneticist.

4. What is your expectation from this workshop?

They will give me an idea how to fulfill dreams, and what step should I need to take, to move forward in my study. make us aware about the path to be taken. and most importantly ~~they~~ ^{it} will help me in raising my voice and decreasing my shyness.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

YES, it is true that now listening from them ~~to~~ ~~has~~ ~~of~~ I feel proud for myself and also my college for opting STEM subject.

2. Do you feel that you have a better strategy for your study?

I think still for me the strategy is same as I had write on one back page. but, I think scrolling and searching on the google is also as useful as books. because they give us the idea about the steps to be taken to put myself forward in the race of competition.

3. Do you have a better understanding on how to achieve your career goal?

yes, now I know what to do to become an eminent scientist or an evolving researcher. but to achieve my goals of career I need to move abroad for higher study.

4. Do you feel that this workshop has been useful?

yes, because by this they have open the area of our interest. and even they have aware all of us about the steps to be taken to fill our dreams.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: _____, Location (circle): Aligarh, Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: DR NAZURA USMANI, Subject: ZOOLOGY, Student/Teacher/Alumni

Institution/Company AMU, Aligarh, Address: Department of Zoology

(Women's college)
AMU, Aligarh

1. What motivated you to choose STEM subject?

To have the insight of flora and fauna that is the living system, its interaction with its surrounding including its impact on human in particular.

2. What strategy do you follow for your study?

3. What is your career goal?

Research and Teaching

4. What is your expectation from this workshop?

The workshop was very informative. The resource persons were very effective. They imparted their message well.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

Yes. The interactive sessions were very informative the resource persons were very helpful. Although the interest was there right from the beginning but the workshop enhanced it by manifold.

2. Do you feel that you have a better strategy for your study?

Yes the informations shared by the speakers with help me in planning the lectures better.

3. Do you have a better understanding on how to achieve your career goal?

Definitely. we were guided well, we can now search for stations for collaborative work.

4. Do you feel that this workshop has been useful?

Extremely useful. The guidances will help us towards a better approach for both research and teaching.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: 9, Location (circle): Aligarh, Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: MAHWASH TMTIAZ, Subject: MATHS, Student/Teacher/Alumni

Institution/Company WOMEN'S COLLEGE, Address: AMU, ALIGARH

1. What motivated you to choose STEM subject?

After my MSc in Mathematics, I wanted to do higher studies in this subject as I really like maths. As my Mother is a professor in this subject (algebra) A.M.U. She motivated me always.

2. What strategy do you follow for your study?

The strategy I follow is to get the basics clear of everything I study. To get to the core of the subject and understand it so that it becomes interesting.

3. What is your career goal?

My goal is that after my MSc in Maths I am planning to pursue my Ph.D in algebra from The OHIO STATE UNIVERSITY (Columbus).

4. What is your expectation from this workshop?

To encourage & provide information about education and professional opportunities in science, technology, engineering, maths. Information about education at US institutions.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

Yes, indeed, the talks of our international & local experts have really boosted up my confidence regarding my choice of maths as my major.

2. Do you feel that you have a better strategy for your study?

Yes, I feel so because now I ~~probably~~ probably know which part of my subject has to be given more time and attention.

3. Do you have a better understanding on how to achieve your career goal?

Yes, now I do have a better understanding on how to achieve my goal because now I have a specific direction for my life. Now I have the awareness about the educational & professional opportunities regarding my STEM subject.

4. Do you feel that this workshop has been useful?

Yes, truly this workshop has been very useful to encourage and motivate my career goals & to provide information for girls & young women about the STEM subjects for higher studies. This workshop also highlights the opportunities at US institutions.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: 9, Location (circle): Aligarh, Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: Mahwash Aftab, Subject: Mathematics Student/Teacher/Alumni

Institution/Company Women's College, Address: AMU Aligarh

1. What motivated you to choose STEM subject?

I was really interested in mathematics since my kindergarten and it is also fun doing mathematics.

2. What strategy do you follow for your study?

I basically focus on understanding the basics and clearing all my doubts. So that the foundation of my subject becomes strong. As it says, Strong foundation leads to build a strong infrastructure.

3. What is your career goal?

I want to become a Maths professor because I want to motivate other girls also for studying maths. (because it is also a less common subject among girls).

4. What is your expectation from this workshop?

I expect that all my confusion and questions regarding studying in USA (especially for a girl) will be cleared. I'll become more motivated than before.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

Yes, After the workshop I feel more motivated and excited that I choose STEM field and mathematics as my mains. Thanks to Anil sir for saying such motivating words.
"If you can do maths, you can do anything".

2. Do you feel that you have a better strategy for your study?

Yes, Now I know what I have to do next and I'll follow all the steps with complete focus and I want to achieve my goal anyhow.

3. Do you have a better understanding on how to achieve your career goal?

Yes, Now I have a better understanding on how to achieve my career goal because now I know the right path which I have to choose to achieve my goal.

4. Do you feel that this workshop has been useful?

Yes ofcourse, very useful. This workshop was the exact thing which I was searching since last summers. I searched a lot about how can I get admitted in graduate school USA but I couldnt found the correct way. But after this

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: 9, Location (circle): Aligarh, Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: Vaisha, Subject: B-tech CIVIL, Student/Teacher/Alumni

Institution/Company Zakir Hussain College, Address: H.No.37, Chak Basanta, Chauki Nali,
of Engg. & Tech. AMU. Near Two transformer, Aligarh.

1. What motivated you to choose STEM subject?

I am an engineering student. The motivation to choose STEM I got from my father because he also did his education in engineering but unable to continue it due to some family issues. So, he want me to excel in this field and I also want

2. What strategy do you follow for your study?

him to make somewhat satisfied.

The strategy to be followed is simple to work hard in every face of my study. I am trying to do it best as well.

3. What is your career goal?

I want to do excel in my field. Currently, I am persuing my Bachelor after that I will first try to do my Master's and start enrolling myself in research works too. So that I can achieve a good career with which I can help others too.

4. What is your expectation from this worksop?

To know about various opportunities for post graduation in abroad that I can choose for my further studies. To have knowledge about the systematic procedure of applying in different universities of U.S. so that I can extend my work in that particular area (like research)

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

Yes, this workshop gave me a feel of more motivation and satisfaction in having a STEM subject as my choice. Also, gives me gave an idea of doing things in a different manner to compete amongst other students.

2. Do you feel that you have a better strategy for your study?

I have need of some points to add in my strategy to have an effective learning like research skills.

3. Do you have a better understanding on how to achieve your career goal?

Yes, I understand it better and I ~~show~~ will start ~~for~~ searching on it because it takes time to know things and decide what is better for us.

4. Do you feel that this workshop has been useful?

Yes, this workshop is being useful for me to have knowledge about various opportunities, fellowships etc. which is not clear to me before this workshop.

Women in STEM Readiness

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: 9, Location (circle): Aligarh, Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: SHAISTA FIRDOS, Subject: Botany, Student/Teacher/Alumni

Institution/Company Aligarh Muslim University, Address: T.W, hostel, Room no-3
Abdullah hall, Aligarh.

1. What motivated you to choose STEM subject?

My interest about learning science was driving force behind which enable me to chose STEM subject.

2. What strategy do you follow for your study?

I generally study 4-5 hours a day. This time, I basically devote for myself studies. I generally work on efficient study rather than working on time based study. While I study my subject, I try to understand its basics and ^{main} cause to study it.

3. What is your career goal?

To ~~For~~ Pursue in the field of Research is my career goal. I have keen interest in human life and ways to improve it. The Biomedical Research fascinate me the most. Therefore, I want to make my career in field of Biomedical Research.

4. What is your expectation from this workshop?

Through this workshop, I want to broaden my opportunities and want right guidance from the guest lectures. ^{I want them to} enlighten me with the knowledge about opportunities available in abroad for higher education and how to avail them.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

yes, I feel more motivated in choosing STEM field. As I now hold broad perspective and vision in this field. With proper guidance and mentorship I feel more confidence about pursuing ~~at~~ my higher education in STEM field.

2. Do you feel that you have a better strategy for your study?

yes, I have a better strategy for my study now. Knowing the areas I need to work in, and experienced I need to gain, ~~it has~~ ~~as~~ as well as how to achieve it, I now have better strategy for my studies. Now, I know how to utilize and plan my given valuable time.

3. Do you have a better understanding on how to achieve your career goal?

yes, I have a better understanding on how to achieve my ~~care~~ career goal. With right guidance and mentorship given by this ~~works~~ workshop, I have alot more understanding about my career goal.

4. Do you feel that this workshop has been useful?

yes, this workshop has proved to be more beneficial for ~~my~~ me. As it has provide massive information about the STEM field at the right time of my career. It has also satisfied the queries, ² the answer I was looking for so much.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: _____, Location (circle): Aligarh, Delhi, Hyderabad, Kolkata, Kurnool, Patna

1. What motivated you to choose STEM subject?

2. What strategy do you follow for your study?

3. What is your career goal?

4. What is your expectation from this workshop?

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

Yes, sharing the stories of the team members have made me more motivated.

2. Do you feel that you have a better strategy for your study?

Yes, hearing so much learned and experienced team I am in better state to plan future strategy.

3. Do you have a better understanding on how to achieve your career goal?

Yes.

4. Do you feel that this workshop has been useful?

Definitely.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: 9, Location (circle): Aligarh, Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: ZUNAIRA - KHATOON, Subject: ZOOLOGY, Student/Teacher/Alumni

Institution/Company WOMENS' COLLEGE, Address: H.No.20, STREET-4, SILVER OAK AVENUE, DHORRA, ALIGARH.

1. What motivated you to choose STEM subject?

The workshop named Women in STEM roadshow, name itself motivated me to choose STEM subject as it is in my stream and the main role is of women there.

2. What strategy do you follow for your study?

Usually I prefer books available in library and combine and check some or most materials from the net, google. And when I even unable to understand that topic I go to various vedio lectures available on you tube. And also ask my teachers if there's any queries occur. were there.

3. What is your career goal?

I wants to ~~over~~ bring over those girls students which are unable to get such studies services easily and ~~to~~ wants to teach. Mainly I want to become a perfect teacher which guide there students and teach them ~~we~~ very well and wants to do a social service.

4. What is your expectation from this worksop?

My expectations are that this workshop motivate me in my goal and provides me knowledge ~~how to do~~ ~~me~~ in ~~so~~ field.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

Yes, Ofcourse because till now I don't know such opportunities in my career of field. As us the members of this workshop were also like me as I ~~was~~ ^{am} yet. When they can do by applying efforts ~~why~~ ~~how~~ why we can't do that?

2. Do you feel that you have a better strategy for your study?

Yes, I feel that I have a better strategy for my study because strategy comes when you want something or you wants to fulfill your dream in career desperately and also that focused was clear in your view.

3. Do you have a better understanding on how to achieve your career goal?

No, yet Not but I try myself but when the ~~opportune~~ opportunities come and try to cover up the knowledge to fulfill my dreams and carrier field.

4. Do you feel that this workshop has been useful?

Yes, I myself as motivated many others do also and everybody wants something in his career but some have different goals. And In the field of STEM as most people wants motivation And this workshop is helpful for them as well as with motivation the knowledge of oppotunities ² knocking on your door.

email:- (ifra.ilyas.43@gmail.com)

Women in STEM Roadshow

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: _____, Location (circle): [✓] Aligarh, Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: IFRA ILYAS ANSARI, Subject: CHEMISTRY, Student/Teacher/Alumni

Institution/Company [✓] WOMEN'S COLLEGE, A.M.U., Address: WOMEN'S COLLEGE, AMU, ALIGARH, UP, INDIA.

1. What motivated you to choose STEM subject?

Science never stops to amaze us. As a kid I'd love watching the DISCOVERY CHANNEL on TV, which aired all the scientific experiments, the theory of how life evolved and how we exist. I've had a keen interest in science since my childhood, and aspired to become a 'Scientist'. Choosing STEM was the first step to achieve my goal.

2. What strategy do you follow for your study?

"DON'T JUST STUDY HARD, STUDY SMART".

I believe and also follow the act of enjoying the studies. Whenever I start to study a topic, I read, watch educational videos which are available online, search for some extra study material & explanatory notes online, & finally make short & concise notes for quick revision.

3. What is your career goal?

My aim in life is to excel in the field of Science & become a 'Scientist'.

4. What is your expectation from this workshop?

I am greatly excited to attend the workshop & it would be an honour to be able to hear the eminent lecturers and interact with them. I look forward to learning more about the scope in STEM field, various ways to apply for colleges at international level, and how to stay motivated to achieve a goal.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

Absolutely YES! I am highly motivated after this workshop.

2. Do you feel that you have a better strategy for your study?

YES. Having been guided by such great people, I have now a clear perspective so as how to direct myself. Studying textbooks is not sufficient. Reading research papers in internationally recognised publications, reviewing the papers and also going deeper to find out new and noble ^{study} material would be one of my ~~top~~ every tasks.

3. Do you have a better understanding on how to achieve your career goal?

I feel I have a direction now. Having heard about the various exams to appear, and the process to make it to a recognized university of USA, I am more than just determined to pursue my research from an international university & become a Scientist.

4. Do you feel that this workshop has been useful?

YES. The STEM Roadshow has been extremely useful.

I now ~~am~~ am aware of almost all the required steps to keep moving ahead in STEM field.

All thanks to OHIO-STATE UNIVERSITY ² for conducting the

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: 9, Location (circle): Aligarh, Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: JAWERIYA ANWAR, Subject: CHEMISTRY, Student/ Teacher/ Alumni

Institution/Company WOMEN'S COLLEGE, ALIGARH MUSLIM UNIVERSITY, Address: ABDULLAH HALL, ALIGARH

1. What motivated you to choose STEM subject?

I have always been interested in the subjects related to technologies and science. Moreover, these (STEM subjects) are highly helpful for understanding and knowing the mechanisms of life and various different other things.

2. What strategy do you follow for your study?

I believe whatever you study, study hard and smart. It's not required to give maximum time for study but in minimum time, grasp maximum.

3. What is your career goal?

I want to go for research in chemistry after pursuing Post graduation. I want to unfold the mysteries of ~~behind~~ this mysterious universe, that is very fascinating.

4. What is your expectation from this workshop?

I expect that this workshop would be highly productive, enthusiastic, motivating and entertaining too.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

Yes. Highly motivated and enthusiastic too. After attending this workshop I feel truly blessed that I chose STEM field.

2. Do you feel that you have a better strategy for your study?

Yes. I have learnt a lot and will try to perform in my daily life. The best thing I learnt from this workshop is to detach ourselves for 2 hours from other work and give this time for intellectual things.

3. Do you have a better understanding on how to achieve your career goal?

Yes. I have got better understanding on achieving my goal. Now, I am very much intrinsic.

4. Do you feel that this workshop has been useful?

It was very useful. It encouraged a lot.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: 9th, Location (circle): Aligarh, Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: Mohini Agarwal, Subject: B.Tech (Mechanical), Student/Teacher/Alumni

Institution/Company ZHCET, AMU, Address: 362, AVAS VIKAS COLONY, SASNI GATE, ALIGARH.

1. What motivated you to choose STEM subject?

I am an observer & I like to know about the science ~~happ~~ behind every process. So, I want to pursue engineering & start exploring.

2. What strategy do you follow for your study?

Generally, I like to clear my basic concept clearly so for that I prefer watching videos & then reading the related books about that. And if it didn't help that I approach my teachers who have in depth knowledge about that particular subject.

3. What is your career goal?

To secure a responsible position in an organization where I can apply & hone up my technical skills, strong interpersonal skills & well developed analytical skills to achieve positive results for the organization.

4. What is your expectation from this workshop?

My expectation is that after the completion of the workshop I will be able to understand the proper way to approach higher studies in approach.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

Yes, I feel very much motivated. It feels good to know what is going on in the world. Every one is making their contribution in these fields & I want to make mine too.

2. Do you feel that you have a better strategy for your study?

I think that yes I have better strategy because when you use visual aide to understand something, you remember that for a long time rather than reading. Also, practical aide also help us understand our subject in a better way.

3. Do you have a better understanding on how to achieve your career goal?

Yes, after attending this workshop, I think I got a better understanding. And also, I can see the new opportunities. Now, I have.

4. Do you feel that this workshop has been useful?

I think this workshop is very useful as now I understand how to approach towards my goal & what are the pros & cons of different things we do in our undergraduate program to get a better career option.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: 9, Location (circle): Aligarh Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: NOOR E SHAMA, Subject: CHEMISTRY, Student/Teacher/Alumni

Institution/Company STUDENT, Address: WOMEN'S COLLEGE, ABDULLAH MALL, AMU, ALIGARH, UP 202002

1. What motivated you to choose STEM subject?

This "STEM" kind of workshop is happening in my institution for the first time. And this is a totally women oriented subject. Moreover, it would help ^{me} to achieve what my goal is for sure.

2. What strategy do you follow for your study?

I am a Chemistry mains student. I take help from the books suggested by my own Chemistry teachers. Moreover, they themselves teach us well. Basically, I just always focus on improving my concepts of my study of subject not just simply mugging up.

3. What is your career goal?

I have a goal which will be accomplished with this STEM workshop. I want to do research in my own CHEMISTRY subject from foreign.

4. What is your expectation from this workshop?

This workshop will enhance my resume firstly. Secondly, it will help me get out of fear to represent me in front of public. And lastly, I'll get more exposure from this workshop, which ^{is} very much needed for my future.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

Yes, the workshop has motivated a lot. I have gained much knowledge regarding not only my field of interest but also in biology.

2. Do you feel that you have a better strategy for your study?

Till now, I have had opted one night study before exam. But to gain what I want, I have changed my strategy and hope to go on to the same.

3. Do you have a better understanding on how to achieve your career goal?

Yes, I have it. This workshop has helped me a lot to understand on how to achieve my goal.

4. Do you feel that this workshop has been useful?

Yes, it has been very useful for me. It'll help me a lot for my career.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: 9, Location (circle): (Aligarh) Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: Afshan Anam Saeed, Subject: Physics, Student/Teacher/Alumni

Institution/Company Aligarh Muslim University, Address: Abdullah Hall, Aligarh

1. What motivated you to choose STEM subject?

The fact that STEM deals in empowering women in particular by teaching and training them on research methodologies, motivated me to join the workshop. I also wanted to join the workshop in order to get an understanding of the manner of dealing with professionalism in the field of teaching.

2. What strategy do you follow for your study?

In particular, I decide to go through my course books atleast once before an exam so that I have an idea of what I am to present and so that I do not panick at the last moment.

3. What is your career goal?

My career goals are to become an educationist and a researcher. I am highly influenced by Astrophysics and wish to carry researching on the various topics in the subject and along with that help build a better world through education.

4. What is your expectation from this workshop?

From this workshop, I expect to learn professionalis. I expect to get an understanding of various methodologies that are associated with research & education.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

Yes. I always had the desire to take myself into the STEM fields. After attending the workshop, I feel more motivated and confident about my field. Thank you for giving me the assurance that I still have time to improve my CV, before I move further ahead.

2. Do you feel that you have a better strategy for your study?

Regarding the strategy of studying, a lot of points regarding taking time out for yourself was discussed. However, I believe I have always been doing that, so after this workshop I feel glad that I have somewhat been following the right path.

3. Do you have a better understanding on how to achieve your career goal?

As of now, the sessions regarding foreign admissions have been helpful. However, I do feel a little confused regarding myself as what generally is discussed is for the exceptionally bright students. I hope that people like us are also considered.

4. Do you feel that this workshop has been useful?

Yes, it has been useful for understanding the methodologies and advancement in teaching also with respect to foreign admissions. The information on building up of your application was extremely helpful.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: 9, Location (circle): Aligarh, Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: RABIA OMAR, Subject: PHYSICS, Student/Teacher/Alumni

Institution/Company ALIGARH MUSLIM UNIVERSITY, Address: ABDULLAH HALL, AMU

1. What motivated you to choose STEM subject?

Being an aspirant in this particular field and a chance to see up close how things move around.

2. What strategy do you follow for your study?

The most important thing, in my opinion, is understanding the concept. If the basics are known with clarity, ~~any~~ everything else easily follows.

3. What is your career goal?

It is the hardest question to answer. I am still trying to find one.

4. What is your expectation from this workshop?

To clear the haziness that is surrounding me at the moment and get inspired.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

I don't know about being more motivated, but certainly, I have been enlightened with the possible options that I can take up in future in STEM fields

2. Do you feel that you have a better strategy for your study?

Absolutely. Prof. Nahar spoke about dedicating at least 2 hours from your busy life into to science daily, which for me could be the best advice.

3. Do you have a better understanding on how to achieve your career goal?

Not yet since I am still uncertain of that particular goal. I am scared of imagining myself in STEM field just because, I find myself lacking in many areas.

4. Do you feel that this workshop has been useful?

Absolutely. I have been a part of a workshop that taught me several things related to my subject. super helpful!!

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: 9, Location (circle): Aligarh, Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: FARIHA MUSHAKID, Subject: CHEMISTRY Student/Teacher/Alumni

Institution/Company STUDENT/ABDULLAH HALL, Address: ABDULLAH Women's College, Aligarh.

1. What motivated you to choose STEM subject?

I choose ~~STEM~~ ^{STEM} because it is aimed towards attracting under represented populations. Female students, are significantly less likely to pursue a college major or career, in science and technology, which is the field of curiosity and lots of research.

2. What strategy do you follow for your study?

My strategy is just reading, writing and learning. less practical, more theoretical. But, I want to change it.

3. What is your career goal?

I want a career which is more practical, the education which is interactive, healthy, practical is more successful as compared to the one which comes only and only from books/reading/writing. I want to become a teacher/lecturer and a research person too.

4. What is your expectation from this workshop?

I Expect that this workshop becomes the key to many locked doors, which are depriving female students from many opportunities. I want to pursue a very practical education.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: 9, Location (circle): Aligarh, Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: UNNATI AGARWAL, Subject: ZOOLOGY, Student/Teacher/Alumni

Institution/Company WOMEN'S COLLEGE, Address: T-213 PROFESSOR COLLEGE COLONY
100 FEET ROAD, ALIGARH

1. What motivated you to choose STEM subject?

My teacher firstly motivated me to attend this workshop. Also its mainly concentrated on opportunities or informing about the benefits for women studying outside India.

2. What strategy do you follow for your study?

Basically, I do not follow any strategy. When I like or want to know about something, or learn about some new topics then I study it thoroughly with interest. For me if developing interest in the subject is the strategy.

3. What is your career goal?

• My career goal is to earn money in a right way and be a good, honest ^{person} and hardworking ~~person~~ in any work or job I pursue.

4. What is your expectation from this workshop?

My expectation is to get maximum experience from the guests, about their life, and to interact with them.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

Yes, surely we feel more motivated. Teachers & guests were very good.

2. Do you feel that you have a better strategy for your study?

Yes, now I feel that I have a better strategy like spending 2 hours for science and getting isolated.

3. Do you have a better understanding on how to achieve your career goal?

Of course ~~ya~~, yes I have a better understanding. I know now what to do, not specifically, but I am sure I can atleast now start to ~~take~~ take small steps to achieve a big goal.

4. Do you feel that this workshop has been useful?

Yes, it was very useful as I have not attended this type of workshop earlier and the teachers guided us so well to show us the path to achieve our goal. I am very² happy that I was selected.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: 9, Location (circle): Aligarh, Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: SAIMA OWAIS, Subject: ZOOLOGY, Student/Teacher/Alumni

Institution/Company ALIGARH MUSLIM UNIV., Address: 4/133, SHIBLI BAGH, HAMDARD NAHAR 'A', JAMALPUR, ALIGARH

1. What motivated you to choose STEM subject?

The theme "STEM" itself sounds "complete".
 Being a woman, & getting opportunity to learn, yes, definitely makes me "complete".
 Also, the all four disciplines of science (i.e., Science, Technology, Engg. & Maths) makes the strong "STEM" for the society to stand firm!

2. What strategy do you follow for your study?

I believe in studying at early morning, as both mind & body are fresh to welcome, the the "learning".

3. What is your career goal?

I wanna become a scientist.

4. What is your expectation from this worksop?

I expect that I will surely get a way, or will be able ^{to pave} my own path towards my destination.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

Definitely! I feel happy & privileged at the same time. As the STEM has literally enormous scope for the science-enthusiasts!
— BLESSED!

2. Do you feel that you have a better strategy for your study?

Yes, Now, I think I should again work on my strategies to making it more effective.

3. Do you have a better understanding on how to achieve your career goal?

Yes. Alhamdulillah.

4. Do you feel that this workshop has been useful?

It has been useful & memorable. I would say as well.

The sort of counselling I get, the kindness of the entire team of STEM & of course the patience they have is, totally gonna work.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: 9, Location (circle): Aligarh, Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: SYLVIA JOHN, Subject: ZOOLOGY, Student/Teacher/Alumni

Institution/Company WOMENS COLLEGE, AMU, Address: 3/263, VIDHYA NAGAR, RAMGHAT ROAD, ALIGARH-202001

1. What motivated you to choose STEM subject?

I ~~always~~ was ^{always} inclined towards science. I liked studying everything in ~~sci~~ the perspective of science.

2. What strategy do you follow for your study?

strategy to follow for my study is to do it regularly, and ask questions to clarify all doubt.

3. What is your career goal?

- To earn good money and have a better life. ~~to~~
- To do something of worth

4. What is your expectation from this workshop?

I am very excited about this workshop. and I hope I will learn something and have good experience that would be beneficial for my future.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

Yes, I feel a lot more motivated in my choice of study in STEM fields.

2. Do you feel that you have a better strategy for your study?

Yes, I feel that after attending the WSR workshop, I have a better strategy for my study.

3. Do you have a better understanding on how to achieve your career goal?

Yes, I ~~have~~ now have a better understanding on how to achieve my career goals.

4. Do you feel that this workshop has been useful?

Yes, I genuinely feel that this workshop has been useful in many ways. Especially in clarifying many of my doubts.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: 9, Location (circle): Aligarh, Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: RAMEEZA SALMAN, Subject: CHEMISTRY, Student/ Teacher/ Alumni

Institution/Company Aligarh Muslim University Address: Aligarh, (A.P.) India

1. What motivated you to choose STEM subject?

A.1. Science has fascinated me ever since I started learning about it. No wonder this subject makes me more & more curious about the phenomena taking place in this world. Basically, it was my curiosity and passion to seek knowledge about science and research that motivated me to choose STEM subject.

2. What strategy do you follow for your study?

A.2) The only strategy I follow is to learn a new thing, reflect about it and just find answers to the doubts I develop. Interacting with peers and teachers always helps.

3. What is your career goal?

A.3). • To be a scientist and work for the betterment of this world.
• To be a philanthropist.

4. What is your expectation from this workshop?

A.4). It will make me clear as how to pursue my career of interest and develop a better understanding of science.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

My motivation almost doubled after this workshop with a more clear understanding of ~~ex~~ how to pursue education abroad. It was a wonderful experience.

2. Do you feel that you have a better strategy for your study?

2) One thing that I learnt here was, ~~we~~ as undergraduate students, must start working on different research projects right now. We must explore more and more and I feel more oriented after this workshop.

3. Do you have a better understanding on how to achieve your career goal?

3) Absolutely, the efforts of all the teachers, ~~to~~ make our goals clear and give a better understanding of ^{the} world around, will certainly pay off. Insha'allah.

4. Do you feel that this workshop has been useful?

1) Besides being useful, this workshop was a cheerful, adventurous and intellectual experience.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: 9, Location (circle): Aligarh, Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: SAFOORA ZAFFAR, Subject: CHEMISTRY Student/Teacher/Alumni

Institution/Company STUDENT, Address: women's college, Abdullah Hal, AMU, Aligarh, UP 202002.

1. What motivated you to choose STEM subject?

→ STEM is the best workshop for the female students. This is a great opportunity to pursue their degree in college through STEM ~~workshop~~. This workshop will enable me to get knowledge about the studies abroad.

2. What strategy do you follow for your study?

→ I usually study every day. but it is obvious during exams I study for more hours. I prefer various books in addition to college lectures. I clear my doubts regarding any topic. I make short notes myself and practise objectives wherever needed.

3. What is your career goal?

→ I want to go in teaching profession. After ^{achieving} ~~obtaining~~ master's degree in any course, I will Insha-Allah go for some competitive exams and moreover will also go for UPSC.

4. What is your expectation from this workshop?

→ I hope this workshop will enhance my knowledge regarding the fields in which women lack behind so that in future I will ^{get information} ~~coop up~~ with such situation and will help me ^{regarding} foreign studies. and what are the fields which are best for ~~my career about learn teaching profession.~~

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

Of course, I feel more motivated and will in the lab study in STEM fields. I am planning to carry out my research abroad and STEM fields will be best to start for the same.

2. Do you feel that you have a better strategy for your study?

STEM workshop has helped me to change my strategy of study from now onwards. Like keeping a specific time for specific study and not planning to study but just coping it whenever my mind is free and always letting my mind to be free of excuses and not listening to naysayers.

3. Do you have a better understanding on how to achieve your career goal?

Focused and specified will help me to achieve my goal as suggested by Dr. Pradhan and his and understanding the abilities I have and how keeping 2 hours from daily schedule for my science.

4. Do you feel that this workshop has been useful?

Yes, it has been useful to me. I come across such great personalities. There were various doubts in my mind regarding how to choose my career but this workshop has cleared them all.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: 9, Location (circle): Aligarh, Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: Aamrah Rahman, Subject: Chemistry, Student/Teacher/Alumni

Institution/Company Aligarh Muslim University Address: Women's College, AMU

1. What motivated you to choose STEM subject?

The intriguing facts of nature. Dry brown grasses getting green with rain. The protective reflexes, the blinking, the coughing, weeping on cutting onions. I always used to wonder why does my heart pounds on hearing good or bad messages. All these always fascinates me. I want to explore all. My science teacher infused curiosity for revealing the truth behind there. The answer was to study science and its allied.

2. What strategy do you follow for your study?

- I prefer to study a standard book ten times rather than studying ten books once.
- Jotting down terminologies, definitions and formulas
- Making simple algorithm and sketches to memorise in little time

3. What is your career goal?

I want to be a simple comedian and scientist to make our life on this earth easy and meaningful. My goal is to simplify science to logical conclusions so that it benefits one and all.

4. What is your expectation from this workshop?

I am looking forward to this workshop to unleash the hidden qualities and getting to know more about research. I expect to have group discussions and one to one interaction which will be fun. Spending a two days with experts in their field is already giving me an adrenaline rush. I want to know their journeys, challenges and paths to be followed for research abroad. I expect to gain few take home message on which we can ponder and utilize it to improve our study pattern.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

The intriguing facts of nature. Dry brown grasses getting green with rain. The protective reflexes, the blinking, the coughing, weeping on cutting onions. I always used to think why does my heart pounds on hearing good or bad messages. Pain - pleasure and their chemistry. All these always fascinates me. I want to explore all. My science teacher infuse curiosity for revealing the truth behind these. The answer was to study science and its allied. Yes definitely I feel more motivated to follow and

2. Do you feel that you have a better strategy for your study? explore STEM fields.

Yes definitely I'll make reforms in study patterns like keeping content concise. I would like to imbibe visualizing contents and then recall them in free time.

I will adopt Read write Recall and Read again strategy.

3. Do you have a better understanding on how to achieve your career goal?

Yes, I feel a step closer to my goal. The need of the hour ~~is~~ is to be focused and work towards it.

4. Do you feel that this workshop has been useful?

This workshop has been a success for me as there has been a paradigm shift in me, I feel evolved in these two days. The program was highly motivating and all the information gained from experts will be surely put into use.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: 09, Location (circle): Aligarh, Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: Naushaba Yasmin, Subject: Life science, Student/Teacher/Alumni

Institution/Company AmoU, Girls School, Address: Girls School, Aligarh

1. What motivated you to choose STEM subject?

2. What strategy do you follow for your study?

3. What is your career goal?

4. What is your expectation from this workshop?

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

Yes, I do.

2. Do you feel that you have a better strategy for your study?

Yes, to study and transmit the knowledge to my students.

3. Do you have a better understanding on how to achieve your career goal?

Yes, I feel motivated and encouraged.

4. Do you feel that this workshop has been useful?

Extremely useful.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: 9, Location (circle): (Aligarh) Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: SHAISTA QADRI, Subject: CHEMISTRY, Student/Teacher/Alumni

Institution/Company STUDENT/AMU, Address: ALIGARH MUSLIM UNIVERSITY, ALIGARH,
UP, INDIA.

1. What motivated you to choose STEM subject?

Science has always been an answer to the most curious question that hits our mind every other second. This has builded up our curiosity to know more.

2. What strategy do you follow for your study?

My strategy ~~to~~ is not to become a ^{book} "worm". Try to be active and experience everything you wish to and learn more practically.

3. What is your career goal?

My career goal is to get the practical knowledge of the subject i have. I would like to do masters in chemistry itself. I am a little diverse student. I've always been interested in management. I will try my best to use this quality in my stream.

4. What is your expectation from this worksop?

I expect to increase my interest towards science. To know about the opportunities we are unaware of, to choose a better way towards my goal.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

Definitely!

I feel a lot more motivated than I was before attending this workshop. I would thank ~~to~~ Prof. Nahar, Prof. Pradhan, Prof. Irving & Prof. Haque for making us aware about the opportunities we get and the way to US. My interest towards ^{my} goal is more clear now. Thank you STEM foundation for such a useful effort.

2. Do you feel that you have a better strategy for your study?

I believe in being more practical which is proved to be a better strategy. I just need to be more focussed and need to gain experience in my field and obviously need to work harder.

3. Do you have a better understanding on how to achieve your career goal?

I know my capability, I understand what I ~~need to do~~ suppose to pursue after my graduation. Goal after that was not so clear before this workshop. Well, now I believe ~~so~~ I know which direction to choose.

4. Do you feel that this workshop has been useful?

This has been extremely useful. I regained interest in my subject. I got the answers of many questions I always had about ~~my~~ the career possibility. Thank you to the STEM foundation for the motivation they gave.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: 9, Location (circle): Aligarh, Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: Ms. SAFIA SULTANA, Subject: Physics, Student/Teacher/Alumni

Institution/Company A.M.U GIRLS' SCHOOL, Address: LAL DIGGI ROAD
A.M.U, ALIGARH

1. What motivated you to choose STEM subject?

2. What strategy do you follow for your study?

3. What is your career goal?

4. What is your expectation from this workshop?

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

Yes, motivated to give guidance & encourage undergraduate students to study in STEM fields.

2. Do you feel that you have a better strategy for your study?

Yes, the advancement in higher education and IT was made too clear & interesting.

3. Do you have a better understanding on how to achieve your career goal?

Yes the lectures were very informative & encouraged us to have better opportunities for jobs & higher education in USA.

4. Do you feel that this workshop has been useful?

Yes, it is found too useful for pursuing higher education.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: 9, Location (circle): Aligarh, Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: YASHA TASMURI, Subject: ZOOLOGY, Student/ Teacher/ Alumni

Institution/Company Women's College, AMU Address: street no. 4 Alam Bagh Bhamola

1. What motivated you to choose STEM subject?

One of the most attracting thing, I found about STEM was the motivation it gives especially to the females in order to help them interact among themselves and to the society.

The second most important thing I feel is the idea to discuss science not as a subject but as a means to explore ones ideas and send them to the society by being an eminent researcher in ones carrier.

2. What strategy do you follow for your study?

I follow the idea of studying smartly.

An idea of conceptual study always helped me to achieve the highest. ~~It~~ Because I believe if I have the clarity for the subject, I can answer all the questions that raise not only in my mind but in anyone's mind in particular.

3. What is your career goal?

My career goal is to become an eminent scientist.

I want to communicate science with everyone.

As a youth I believe in exploring various daily life phenomenon and study them in detail.

I believe in "Be like one you needed the most when you were young".

4. What is your expectation from this workshop?

I expect an amazing interactive session in this workshop that will help me to know the ideology of another country and we may also clear mine with regard to science and conceptual study method. I would like to grab more ideas from it that will help in

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

Yes, definitely I feel not only motivated but even more excited about my field of subject for future perspective. The lectures ~~to~~ were really productive for me.

2. Do you feel that you have a better strategy for your study?

Now, I feel that I have a better strategy for studying smartly. The two hour focus program has helped me a lot to plan things according to ~~the~~ my future goals.

3. Do you have a better understanding on how to achieve your career goal?

Yes, Now I feel that I have finally understood ~~no~~ about my field of focus and interests. The GRE, ~~and~~ TOEFL and IELTS exam patterns and selection are more clear to me. Basically the idea of my research in future looks a more crystally clear than before.

4. Do you feel that this workshop has been useful?

Yes, exactly and obviously the workshop has been very useful for me. WSR is an amazing program. And I look more forward towards getting joined with my degree plans in USA ~~and~~ or get in

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: 9, Location (circle): Aligarh, Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: AAKRITI SHUKLA, Subject: CHEMISTRY, Student/Teacher/Alumni

Institution/Company AMU (Women's College), Address: Manis road, Aligarh

1. What motivated you to choose STEM subject?

The most important reason for me behind choosing chemistry as my subject was that I ~~was~~ always find the scientific discoveries fascinating from a very small age. I prepared for medical exam which due to some reasons I couldnot qualify. Therefore, I focused on the fields which will link me with science and technology. And now STEM is an ultimate source which will help me out.

2. What strategy do you follow for your study?

Irrespective of college days, holidays or any other occasion, I make sure that I have to make time for my studies each day even for few hours. On a regular basis, I set short term goals for myself and try to achieve them. I like to out do myself in my academics. Study is the most central point which comes in my comfort zone.

3. What is your career goal?

my main focus is to get in the field of scientific ~~was~~ research and become a scientist or researcher so that I can use my knowledge in order to help mankind. The goal, at present, is clear but the path to achieve is blur. So, that is what I have to find out.

4. What is your expectation from this workshop?

my expectations are a lot as I hope that this workshop will help me gain a perspective for my further studies and give me a clear vision for how to achieve my goal and acknowledge me with the best learning process.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

Yes. Definitely I'm more confident about my choice in science field of study.

2. Do you feel that you have a better strategy for your study?

Yes. I think now I can make a clear, stronger plan to pursue my goal.

3. Do you have a better understanding on how to achieve your career goal?

Yes. The workshop helped me to know about the process. The path to the goal is now clear.

4. Do you feel that this workshop has been useful?

Yes. It was useful in many ways. It gave me a new confidence that now that I know things, I can achieve them.

Thank you!!

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

Yes, I feel more motivated because STEM is such a diverse field which gives us more opportunities help in various ways to enhance the knowledge, skills and helps us in the betterment of our future.

2. Do you feel that you have a better strategy for your study?

Yes I feel that I have a better strategy for my study but I wanted to make it improve so that I imagine more.

3. Do you have a better understanding on how to achieve your career goal?

I don't have better understanding I try to make decision what to do next but I get distracted by knowing different profession, I wanted myself to get stick towards a particular thing which actually helps me to reach towards my goal

4. Do you feel that this workshop has been useful?

Definitely this workshop has been useful because I got to know so many new things related to pursuing studies in Abroad, that how should apply in different universities, what should be the criteria, what are the different opportunities and many more.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: 9, Location (circle): Aligarh, Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: IQRA SUBHAN, Subject: ZOOLOGY, Student/ Teacher/ Alumni

Institution/Company WOMEN'S COLLEGE AMU, Address: 62, CHANDANIA HOUSE SAMAD ROAD

1. What motivated you to choose STEM subject?

It's actually a new thing for us and it is basically related with women empowerment which actually motivated a lot to choose STEM subject.

2. What strategy do you follow for your study?

I always try to give my best, I do hardwork as much as I can, I do studies not to just mug up but to learn something from it.

3. What is your career goal?

My career goal is to be an Professor. Teaching is my passion and I want the people to get educate, if I'll get the chance I make a school for those children who are financially poor.

4. What is your expectation from this worksop?

I wanted to clear that how I reached towards my goal.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: 9, Location (circle): Aligarh, Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: DIVYA, Subject: CHEMISTRY, Student/Teacher/Alumni

Institution/Company AMV, WOMEN'S COLLEGE Address: MARK ROAD, ALIGARH

1. What motivated you to choose STEM subject?

I was just interested into research activities as I used to watch some movies, forensic approach.

Still if something makes me awestruck, it is the detailed study of all processes, how we survive. How actually man evolved, still surprises me. All this can be acknowledged by studying these technologies, so here I am.

2. What strategy do you follow for your study?

I just want to be aware of each and all from minor to major aspects of particular subject I'm interested in.

If I want to know something, I will not hesitate in asking questions or even I'll be welcoming anyone who gives me the knowledge. Once I what I decide, I just complete it within the time I've already set for myself. These small-daily-activities keep me activated.

3. What is your career goal?

I want to pursue detailed study in my field of interest, for which I want to go abroad as to get the required technologies and surveys. I want to get near perfect in my course of study so that I can help others. as well, I want serve my nation to my best.

4. What is your expectation from this workshop?

I'm hoping for inspiration and looking for motivation. I want to get positivity and I know I will.

This will definitely help me to explore my ownself. And yes I'm so much excited.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

Yes, for sure. When I got to know that I have so many opportunities in my field of interest about which I was not aware, made me motivated and this actually gave me more fields.

2. Do you feel that you have a better strategy for your study?

Yes, now I ~~can~~ know what steps I have to take, how should I apply, to whom I should contact. Now I can plan accordingly and work for it in a systemic way.

3. Do you have a better understanding on how to achieve your career goal?

For sure, as now I can see my pathway, how to achieve my goal, I know all spheres of information I require and I will search for more, so, yes now I have a better understanding.

4. Do you feel that this workshop has been useful?

Definitely. I always wanted to know about GRE, education in abroad but never had enough information. This provided me with exact knowledge, & key points so I can work accordingly.

(1) (2) (3) (4) (5) (6) (7) (8) (9) (10) (11) (12) (13) (14) (15) (16) (17) (18) (19) (20) (21) (22) (23) (24) (25) (26) (27) (28) (29) (30) (31) (32) (33) (34) (35) (36) (37) (38) (39) (40) (41) (42) (43) (44) (45) (46) (47) (48) (49) (50) (51) (52) (53) (54) (55) (56) (57) (58) (59) (60) (61) (62) (63) (64) (65) (66) (67) (68) (69) (70) (71) (72) (73) (74) (75) (76) (77) (78) (79) (80) (81) (82) (83) (84) (85) (86) (87) (88) (89) (90) (91) (92) (93) (94) (95) (96) (97) (98) (99) (100)

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: 9, Location (circle): Aligarh, Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: FALAK FAIZ, Subject: Chemistry, Student/Teacher/Alumni

Institution/Company A.M.U, Address: Women's college, AMU, Aligarh

1. What motivated you to choose STEM subject?

The fact that motivated me to choose STEM subject because science helps us to solve the impossible things. Great invention, technologies that inspires me more to choose science. choosing this stream help me a lot. It some times help me in understanding the world. As without science, nowadays nothing possible.

2. What strategy do you follow for your study?

Hardwork is the most important thing with patience. concentration is more necessary than anything. Do Hardwork achieve everything. Patience is most very important because in my life I came across failure. but this hardwork, let us to be again in race. with concentration

3. What is your career goal?

I want to be a great scientist and invent something that can help in developing our world. I want to be a Great women who can change the thinking of the today so-called men society who thinks that women's cannot do anything.

4. What is your expectation from this workshop?

I want to know about the education in U.S and want to experience and study in U.S.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

Yes, I feel motivated by choosing STEM fields more because at some time, I feel changing my stream but now there is no option of changing STEM.

2. Do you feel that you have a better strategy for your study?

Yes, I feel I should have a some better strategy for my study.

3. Do you have a better understanding on how to achieve your career goal?

Yes, I learnt many thing and understand things which make my career goal clear and make a way to go through it.

4. Do you feel that this workshop has been useful?

Yes, this workshop is very useful. I have learnt many ~~thing~~ new things from this workshop. Got a know a way to study higher education at foreign countries knowing about the 2 procedures, scholarships etc. ~~and also it~~

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: 9, Location (circle): Aligarh, Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: HERA TAZEEN, Subject: Chemistry, Student/Teacher/Alumni

Institution/Company Student, Address: Women's College, Abdullah Hall, AMU, Aligarh, 202002

1. What motivated you to choose STEM subject?

I came to know that the 'Women in Stem Roadshow' kind of workshop is going to be held for the first time in Aligarh and it will help me to know regarding the opportunities of Science & Technology and of higher studies especially for women in abroad. So, these are the things which motivated me to choose STEM subject.

2. What strategy do you follow for your study?

I think if we co-relate the academic studies with something which actually gives us pleasure makes the study easier. I think everyone enjoys music, and being a chemistry student, memorising of periodic table creates difficulty for me. So, I used to watch various channels on youtube especially "acapella science" which help me in memorising various science and mathematical concept. I think instead of just learning if a student understands the concept and then memorises then it will be 100% fruitful for them.

3. What is your career goal?

Right now, I am pursuing B.Sc in Chemistry. As per career goal is concerned, I want to be a Civil Servant in Future to serve the nation.

4. What is your expectation from this workshop?

I think this workshop would be helpful for me in enhancing my personality and to learn a lot from our delegates. And their inspiring stories/lectures help makes me motivated to focus on my goal and achieving it.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

Yes ofcourse. Now, after interacting with you people I am feeling much more motivated than ever before. Now, I am able to understand the actual meaning of STEM. And insha allah I'll try to direct my goals, to focus and will work on it from today itself.

2. Do you feel that you have a better strategy for your study?

Yeah! As Prof. Sultana Nahar has told yesterday that if you get saturated after at a certain period of time or you can't able to focus on your studies, then, just leave every-thing for a while, go for something you actually love to do and then just after it sit down to your studies with fresh mind. I've tried this and honestly speaking it is ~~very~~ proves very helpful for me to concentrate.

3. Do you have a better understanding on how to achieve your career goal?

Yes. A lot of things get cleared, ~~or~~ Now, I have better understanding to pursue masters first and then to go for higher studies.

4. Do you feel that this workshop has been useful?

Yes. This workshop is a boon for all of us. It is

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: 9, Location (circle): Aligarh, Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: MAHA KHAN, Subject: Chemistry, Student/ Teacher/ Alumni

Institution/Company A.M.U., Address: Women's College, AMU, Aligarh

1. What motivated you to choose STEM subject?

A. The fact that science helps us to unravel the mysteries of the world encouraged me to choose STEM as my subject.

2. What strategy do you follow for your study?

A. Practice and Patience. These two words together result in perfection and success, something that we all aim for. I make sure to stay persistent in my efforts throughout the study plan.

3. What is your career goal?

A. I want to be at such a position that I motivate others with my words and others take my life as an example of what a successful and happy life should be like. I do not know the exact path to it, but I do know my destination.

4. What is your expectation from this workshop?

A. I do expect to learn a lot about the educational opportunities available in the U.S. for female students related to the STEM subject.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

A Yes, I do feel motivated after attending the workshop. In fact I am sure that I won't be leaving the STEM field ever in the future.

2. Do you feel that you have a better strategy for your study?

A Yes, the pathway to success is clear is clear enough now, the only thing left to do is work.

3. Do you have a better understanding on how to achieve your career goal?

A Yes, things are more clear to me now than they were ever before. Applying to a U.S. university seems possible now and so does achieving my goal.

4. Do you feel that this workshop has been useful?

A Yes, the 2-days workshop was informative and useful enough.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: 9, Location (circle): Aligarh, Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: SHARIYA YUSUF, Subject: CHEMISTRY, Student/Teacher/Alumni

Institution/Company WOMEN'S COLLEGE, AMU, Address: MARRIS ROAD, ALIGARH

1. What motivated you to choose STEM subject?

The most important thing is that I have never taken part in any workshop. And of course, it is a subject rather than my main subject so, I was very interested to take part for this subject.

2. What strategy do you follow for your study?

Apart from my college hours, I study the subject taught in the college and revise it; also I have to prepare for the entrance exam so I do study for the exams and also do studies in some story books and news.

3. What is your career goal?

My career goal is to become a good professor in my subject and inspire the students with my motivation.

4. What is your expectation from this workshop?

I expect from this workshop, the way we have to prepare for abroad studies and qualify the examination for abroad studies.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

Yes, definitely. I am very much motivated and very much excited to choose STEM for my further higher studies and achieve my goal.

2. Do you feel that you have a better strategy for your study?

Yes. I have got so many ideas for GRE, TOEFL, IELTS and further studies in the US.

3. Do you have a better understanding on how to achieve your career goal?

Yes. I was very confused and ~~was~~ stressed before. But now I have many good ideas for achieving my goals.

4. Do you feel that this workshop has been useful?

Yes. This workshop helped me to choose better options for my further studies and gave many ideas and knowledge about my studies abroad, and now I am very excited.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: 9, Location (circle): Aligarh, Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: HIRA AHMAD, Subject: ZOOLOGY, Student/ Teacher/ Alumni

Institution/Company Women's College, Address: A/B-33 Medical Colony
A-M.U. A-M.U.

1. What motivated you to choose STEM subject?

It was a new kind of workshop especially in science and that too for women so it really attracted me to choose STEM workshop and science really attracts me and I am quite curious to know about different things that's why I chose STEM subject.

2. What strategy do you follow for your study?

I try to understand the things rather than mugging up things and I do give a thorough reading of my subject to get the insight knowledge.

3. What is your career goal?

Frankly I am still wondering whether to be in teaching or take Research as full time career. I have a passion for teaching so I am slightly inclined towards being a teacher.

4. What is your expectation from this workshop?

I am expecting that my doubts about my career what to do next would be clear and what opportunities I have in USA for my studies.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

Yes. It is such a diverse field which is offering a lot of opportunities for my career. I feel very excited.

2. Do you feel that you have a better strategy for your study?

Yes, I know better now, where to dedicate my time and how much for effective studying.

3. Do you have a better understanding on how to achieve your career goal?

Yes. It is now much more clear now where to study for my higher classes, what I need to have to be selected in good foreign university.

4. Do you feel that this workshop has been useful?

Yes, it has been extremely useful. I am much more clear now about my career. WSR is an excellent opportunity for women and I am extremely happy that

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: 1, Location (circle): Aligarh, Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: AZRA KHAN, Subject: PHYSICS (Student/Teacher/Alumni)

Institution/Company Aligarh Muslim University, Address: Kela Nagar, Aligarh

1. What motivated you to choose STEM subject?

STEM was actually explained by my Physics teacher. She told me so much about ^{this} that I was really impressed by her. More optly I am always fond of going abroad for my further studies in the field of research etc.

2. What strategy do you follow for your study?

I prefer doing active study. Always studying is not a active study. studying less but with proper agenda can be very beneficial. I study less but with proper concentration which is sufficient for my b.sc level.

3. What is your career goal?

My career goal is to become a good Physics Professor.

4. What is your expectation from this workshop?

This workshop according to me should broaden my knowledge and help in planning my career options.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

Yes I feel more motivated. This has make me realised that I have many options for my careers.

2. Do you feel that you have a better strategy for your study?

Yes I do have a better strategy for my studies. Active studies are very beneficial, which help you choosing your right career.

3. Do you have a better understanding on how to achieve your career goal?

I have understood how to achieve my career goals. There are many opportunities available for my career planning and this workshop is really beneficial for knowing about the Career & Goals.

4. Do you feel that this workshop has been useful?

This workshop is really amazing and shows the beautiful journey of life which we can go through. This workshop will help in my future studies.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: 9, Location (circle): Aligarh, Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: INSHA AKBAR, Subject: CHEMISTRY, Student/Teacher/Alumni

Institution/Company Womens college AMU Address: Mausi Road Aligarh (202002)
AMU

1. What motivated you to choose STEM subject?

I had not participated in any workshop till date. The ways the guest gave their lectures, presented their research work & their mode of guidance motivated me to join this.

2. What strategy do you follow for your study?

Apart from college hour, I often study my subject related books & use youtube, google etc to enhance my knowledge in my respective subject.

3. What is your career goal?

I want to pursue my higher studies in any prestigious institute. want to do research as chemist. & want to do something unique for the society.

4. What is your expectation from this workshop?

Through this workshop I will get to know how to enroll myself in abroad universities; come to know about competitions at global level.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

Absolutely much more motivated in choice of study in STEM fields. The lecture of guests who truly are much experienced, talented taught me & motivated me to go for abroad studies & to research in my field at my early age of graduation.

2. Do you feel that you have a better strategy for your study?

Inshallah, I have better strategy for my study. I have now got an idea how to prepare for my goal, study in abroad & to do research at my believe early age.

3. Do you have a better understanding on how to achieve your career goal?

After attending this workshop I rather came to know how to achieve my career goal. In my opinion through this workshop it seems my path to achieve my goals has been paved now & I only have to work hard to fulfill these goals.

4. Do you feel that this workshop has been useful?

Alhamdulillah this has been much more useful, beneficial to all the students participating in this

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: 09, Location (circle): Aligarh, Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: TUBA ANJUM USMANI, Subject: BIOCHEMISTRY Student/Teacher/Alumni

Institution/Company WOMENS COLLEGE, AMU, Address: WOMENS COLLEGE, AMU

ALIGARH

1. What motivated you to choose STEM subject?

My passion is my motivation. I have a huge interest in learning science especially in the field of biology and thereby I have opted the STEM subject.

2. What strategy do you follow for your study?

- I set my goals and structure the time accordingly.
- I try to understand things logically.
- If I learned something new or any topic whether it is related to our course or some social stuffs, then to let my mind retain these stuffs, I just try to explain it to my friends and family members and that works pretty well.

3. What is your career goal?

I aspire to become a researcher at a reputed university where I can conduct multiple research activities on diseases that will contribute to improve quality of life in humans.

4. What is your expectation from this workshop?

I have a very great expectation from this workshop. I think this workshop can transform my dreams into reality.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

Yes, of course I got a lot of encouragement after attending this workshop. I think, from this very time, I have a very clear vision of my dreams and I have got so much information about how to pursue my dreams.

2. Do you feel that you have a better strategy for your study?

Yes, I really think so. I would now try to be more indulged in what is happening across the world in my field of interest that is in biochemistry.

3. Do you have a better understanding on how to achieve your career goal?

Yes. I have a very clear vision of my goals and about how to pursue them. Through this STEM workshop I came to know a lot of new things which I haven't ever aware of. Now I will try to excel more in my studies to pursue my dream career.

4. Do you feel that this workshop has been useful?

This workshop proved to be very useful for me as it has given me some technical knowledge about my career and through this workshop I came to know a lot of future options of career that I wanted to get in. Thank you so much.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: 9, Location (circle): Aligarh Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: YESHFEEN SHERWANI, Subject: CHEMISTRY, Student/Teacher/Alumni

Institution/Company WOMEN'S COLLEGE, Address: 41528, STREET NUMBER-03
ALAM BAGH BHANOLA ALIGARH

1. What motivated you to choose STEM subject?

The word 'STEM' itself motivated me, i.e. Science Technology, Engineering Mathematics, What else a science student wants, except this. This world is revolving around the science or where there is a small particle or a huge earth, anything biological, non biological comes under the field of science. I am here, the purpose for what i am here can be explained in the light of science.

2. What strategy do you follow for your study?

Just learn, gain knowledge, and explore. And spread what you have learned to your community. Because according to WHO "Health is a state of complete physical, mental and social well being" And in another definition it is mental health is being able to cope up with the normal stress of life and to work productively and fruitfully and to be able to contribute to your community.

3. What is your career goal?

I want to be a teacher, and want to be a very knowledgeable person, and to be able to serve my community.

4. What is your expectation from this workshop?

Another experience, lot's of motivation and some knowledge.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

Never felt like this before. I was always fascinated to see science working on me, but now I want to feel the depth of it. I just want to thank almighty and my teachers and parents for giving me this opportunity.

2. Do you feel that you have a better strategy for your study?

I had, but now even better, just 'one step ahead', now I am looking forward for a better tomorrow, because I have a better today (Alhamdulillah)
"Do not hesitate to show your weakness because that's what will make you better".

3. Do you have a better understanding on how to achieve your career goal?

Yes, It's a huge change in me after attending this workshop. I never felt that much better, Prof. Keen, Prof. Anil Pradhan, Prof. Faruque, they gave me a clear vision to look forward for my dreams and goals.

4. Do you feel that this workshop has been useful?

I am very happy that esmat mam called me, gave me an opportunity to attend this workshop. I am extremely thankful to her.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: 9, Location (circle): Aligarh, Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: Nishlii Goyal, Subject: Zoology, Student/Teacher/Alumni

Institution/Company Women's College, AMU, Address: Amroopshahar Road, Meiw Market Jaman, Aligarh

1. What motivated you to choose STEM subject?

The first and most important thing that motivated me to choose STEM was that it is for the betterment of women and to encourage them for further studies. It is a fusion of new techniques in the field of biology which is a need of modern world. It is related to research field and not just to read theories which also made me interested towards this. There are many experts from all around the world, from where you can learn a lot from them. It is really a good platform to learn and to explore yourself.

2. What strategy do you follow for your study?

My simple strategy for my studies is to understand the things as much as I can go instead of mugging the things. I make my schedule which is a very important part of any task of our life and just follow that. I discuss the topic with my friends as well which also help us to retain the things more longer and can remove our doubts.

3. What is your career goal?

My career goal is to explore more and more new things around the world. I want to go in research field and especially in wildlife research field which has lots of information to get and is very adventurous too.

4. What is your expectation from this workshop?

I want to learn the things which I don't know before. I have a habit of exploring the new things and learning the new things so I think this is a golden opportunity to fulfill my dreams. I don't have any guidance for my future plans so this workshop will help me to guide me.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

Yes, after listening to all the experts and researchers, I am highly motivated and impressed to study in STEM fields. It really helps me to learn a lot about the future courses and to achieve my future goals. A true motivation is very important in a student's life to guide her/him, and I think this STEM workshop has really worked me in that.

2. Do you feel that you have a better strategy for your study?

Yes, I feel that I have a better strategy for my study as I am very much clear about my future goals and I think I am on the right path.

3. Do you have a better understanding on how to achieve your career goal?

Yes, my career goals are very much clear. I want to go in the field of research, after completing my masters from a renowned university.

4. Do you feel that this workshop has been useful?

Yes, this workshop has been really useful to me. It really helped me to gain new knowledge about different subjects like astrobiology which I didn't know before. It also told us about the GRE and how to prepare for it. So it was worth attending.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: 9, Location (circle): Aligarh, Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: Subhaima Safdar, Subject: Zoology Student/Teacher/Alumni

Institution/Company Women's College, AMU Address: Street no. 2, Fort enclave, Aligarh

1. What motivated you to choose STEM subject?

The collaboration between Ohio State University and Aligarh Muslim University attracted me to choose this STEM subject. It was my dream since childhood to meet the people from US university, so that I may get some link to study abroad & I am sure I will get some help from this workshop. STEM will also help me ^{how} to express my views.

2. What strategy do you follow for your study?

I follow and I believe that first there should be a research & then there should be discussion to understand a topic well. I also follow this strategy that first I discuss topics with my colleagues & then I do some homework on that topic.

3. What is your career goal?

As I am a student of B.Sc (Zoology), & the day I got admission, I decided to become Professor in central university or some foreign university. And then will serve the next generation.

4. What is your expectation from this workshop?

I am very much excited for this workshop & I have full faith that I will get a good exposure here, will get help how to express myself and will also get some link about how to study abroad & benefits related to studying abroad.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

I felt highly motivated for selecting STEM fields. I came across the scopes of science, maths, physics in US. And now I am highly hopeful that I will get admission in some US university through the methods which these experts told me.

2. Do you feel that you have a better strategy for your study?

Sultana Nahar ma'am told us about how to study science. She said that spend two hours daily for science intellectual so that the brain develops in a scientific way. So will try to adopt that strategy also besides my strategy.

3. Do you have a better understanding on how to achieve your career goal?

Yes, got a great help about how to achieve the career goals. They did a great counselling. Everybody was so helping & told us a lot about the scopes of studying in US for a better future.

4. Do you feel that this workshop has been useful?

Yes, this workshop ^{was} highly useful as we got to know a lot about the difference between our university & US universities. Sultana ma'am, Nasreen ma'am & Irving ma'am told us about their stories ~~the~~ i.e. education background & ² they are my role models now.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: 9, Location (circle): Aligarh, Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: ARSHAD ARIF, Subject: STUD X Student/Teacher/Alumni

Institution/Company STUDENT, Address: A6, REHMAN APARTMENT, DO DHPUR, ALIGARH

1. What motivated you to choose STEM subject?

The first reason is that it is for women, and since science has always been one of my favourite subject. The other reason is to gain knowledge about something new. And I want to know more about science subjects.

2. What strategy do you follow for your study?

Study can only be done effectively when one is filled by passion and dedication. I always used to make a time table first that what I'm going to study for a particular day or a week. Then I use to organise my study material. I don't use to take a no. of books but instead of that I take one book and try to gain the basic knowledge first. I don't rush to complete my syllabus but and instead study conceptually.

3. What is your career goal?

Although science is one of my favourite subject but I want to become a successful CA. Apart from this I also want to an event manager.

4. What is your expectation from this workshop?

I expect that this workshop is going give me more knowledge about science subjects, since I'm interested in science subjects. And also expect to get more motivated to succeed in life.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

Yes. Particularly in Maths field and physics.

2. Do you feel that you have a better strategy for your study?

As the professors have said that we need a detachment for our studies. So I think this is going to work. Detachment is one of the strategy which I need to adopt.

3. Do you have a better understanding on how to achieve your career goal?

For achievement of my career goal, I need to get a little detachment and work more hard than before. And there are various programmes that we can apply for.

4. Do you feel that this workshop has been useful?

Yes this workshop was useful to me I have get to know more about science subjects and a better knowledge about my career opportunities.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: 9, Location (circle): Aligarh, Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: RAHMATI KHATOON, Subject: MATHS, Student/Teacher/Alumni

Institution/Company WOMEN'S COLLEGE, Address: TW-(U) HOSTEL, ABDULLAH HALL,
AMU AMU.

1. What motivated you to choose STEM subject?

STEM promotes women's participation largely and this was the main reason behind choosing it. I heard about it through my friend, she messaged me the abouts. The ^{it} line was ^{to} about to promote minority and disadvantaged women, and at the moment I agree.

2. What strategy do you follow for your study?

I believe in smart study. I think one should not study all the times, be bookworm. Hard work is necessary and regularity is also important. Our goal should be before our eyes everytime. I do not believe in 10 yrs future plans because things do not go as we think.

3. What is your career goal?

I have not make plans for future but my two-year plan includes Msc- from Maths, then either pursue in this field or to prepare for competitive exams.

4. What is your expectation from this worksop?

I expect it to prepare women and girls for future, strengthen them, to speak up and sparkle wherever they go.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

Yes, I am very inspired for higher studies i.e. pursuing my Msc. /Phd. in Mathematics abroad. Now, I have gotten the right path.

2. Do you feel that you have a better strategy for your study?

Yes, I have somewhat better strategy for studies in US, as I need to qualify GRE/TOEFL etc. which is basically English Proficiency Test in which I can do better. It has opened up my mind.

3. Do you have a better understanding on how to achieve your career goal?

Yes, I have understood a lot of things on how to qualify exams, where to go etc. for research work.

4. Do you feel that this workshop has been useful?

Yes, it has been very useful. It has lightened me to achieve more in this field as I was feeling demotivated since last 2 years of my Bsc.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: 9, Location (circle): Aligarh, Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: NIDA Khan, Subject: Chemistry, Student/Teacher/Alumni

Institution/Company Women's college, Address: ~~HANZAH COLONY ALIGARH~~
(A.M.U) MARRIS ROAD AMU ALIGARH

1. What motivated you to choose STEM subject?

As it is related to science and foreign studies and it encourages women empowerment.

2. What strategy do you follow for your study?

My strategy is to gain knowledge and I believe in hard work.

3. What is your career goal?

I want to become Research scholar ⁱⁿ ~~from~~ the field of organic chemistry.

4. What is your expectation from this workshop?

My expectation from this workshop is that it give motivation and encourages us for our further studies.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

Yes, I feel much more motivated than I expected!
and now I am more focused towards my
career.

2. Do you feel that you have a better strategy for your study?

Yes, I feel that I have better strategy ~~than~~ ^{before}
for study than before. ~~and after~~

3. Do you have a better understanding on how to achieve your career goal?

Yes, After attending this workshop my vision
is clear for my career goals.

4. Do you feel that this workshop has been useful?

Yes, this workshop has been useful for me. This
workshop definitely going to help me in
future. I have learned many things from
this workshop.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: 9, Location (circle): Aligarh, Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: AISHA NAZ, Subject: CHEMISTRY, Student/Teacher/Alumni

Institution/Company Women's College, AMU, Address: Marrish Road Aligarh,

1. What motivated you to choose STEM subject?

This workshop which is organising in our college is to motivate the women for choosing their best academic level after their graduation. This workshop is about the women empowerment through which we can erase our fears, inability to talk among audience. They help us to remove our confusion of choosing the best field in academic level not only in this university but also in abroad.

2. What strategy do you follow for your study?

I generally follow ^{the strategy of study} to learn with dedication and with fun so that I cannot get bored. I believed in hardwork.

3. What is your career goal?

I want to become professor / Lecturer this is my passion so that I would tell my student to be very courageous about their knowledge.

4. What is your expectation from this workshop?

I would get opportunities for abroad studied

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

YES, I feel motivated. Before this workshop I was little bit confuse about my ~~abroad~~ studies after graduation but I really get clear platform for my abroad studies after attending this workshop.

2. Do you feel that you have a better strategy for your study?

Yes, I get a better strategy for my study. Many entrance examination I get to know about from this workshop and it ^{would} really help me a lot.

3. Do you have a better understanding on how to achieve your career goal?

Yes, I am very clear about my career goal. Workshop helps us a lot about our goal to clear.

4. Do you feel that this workshop has been useful?

Yes. This is very useful for me, Before this workshop I was very confuse but now I am clear about my studies after graduation.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: 9, Location (circle): (Aligarh) Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: SHUMAIZA ASIF, Subject: BSC 2nd year (Student)/Teacher/Alumni

Institution/Company Student, Address: TW(G) hostel, room no-03

1. What motivated you to choose STEM subject?

I am in a STEM subject (science). The main motivation is that everything you do or learn in a STEM subject has a theoretical as well as practical aspects. This practical aspect has really motivated me as what we theoretically learn can apply to our lives. This can enable us to discover new things in universe and its impact on the people lives.

2. What strategy do you follow for your study?

Science is a very diverse subject. As to get into its depth a lot of concentration is required. The strategy I usually apply to get a complete knowledge of what my teacher teaches in class. I search in books and surf internet to get my concepts clear. Moreover, until and unless I get a complete knowledge of topic I study, I do not leave it in between.

3. What is your career goal?

My career goal is to be a research scholar and to innovate new ideas. Through research I can make new discoveries in the field of science ~~and~~ through which the future generation will benefit. Though this career need a lot of patience and perseverance.

4. What is your expectation from this workshop?

This workshop as the name suggests women coming up forward in different fields. I am looking forward to know more about my career goals and also to get a clear picture how to pursue or what steps need to be taken to achieve my goal.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

Yes, this workshop has boosted me up and motivated me to study in STEM field. Various new programs ~~are~~ and awareness has been made.

I came across many new ideas to pursue my further career in STEM fields.

2. Do you feel that you have a better strategy for your study?

Through this workshop I feel more motivated and have a clear picture of my goal. Different strategies were mentioned in the workshop and came across new programs which will genuinely help me out in future.

3. Do you have a better understanding on how to achieve your career goal?

Yes, through the workshop, I am now more focussed about my goal. I am able to see my area of work rather than getting distracted by various option. To achieve my goal, now I have become more specific and focussed.

4. Do you feel that this workshop has been useful?

This workshop was an eye opener to me. We usually do not have such workshops where interactive sessions are held and no focus is given to the goal. But this workshop really benefits me as it showed many new doors to pursue my

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: 9, Location (circle): Aligarh, Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: Faiqa Haque, Subject: Zoology, Student/Teacher/Alumni

Institution/Company Women's College, Address: H.No 493, Firdaus Nagar Near AMU Gas Godown, Aligarh

1. What motivated you to choose STEM subject?

→ My keen interest in studying and gaining information regarding living organisms particularly to study the physiology of human being and to know much more about the processes in living organism motivated me to choose STEM subject.

2. What strategy do you follow for your study?

→ I believe in qualitative study rather than quantitative, for this I adopt to do hard work -
 to search out new and knowledgeable informations from our prescribed books and by internet.
 I also used to write some striking points in my notebook in order to memorize it for long.

3. What is your career goal?

→ I just wanted to be a successful person or I should say I wish to end up being a successful ~~professor~~ teacher.
 → Also wish to do something to 'empower women'.
 → Wish to do something for betterment of women.

4. What is your expectation from this workshop?

→ I hope it will help me to find my pathway in better way.
 → Also help me out regarding ^{my} ~~my~~ queries for abroad study.
 → Hope, it will give me new strategies for pursuing my future teaching in better way.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

→ Yes, for a the reason we got to know wide scopes, fields and career opportunities regarding our subjects.

2. Do you feel that you have a better strategy for your study?

→ Yes, the way they provide us with ideas helped us ~~at~~ a lot to adopt better strategy.

3. Do you have a better understanding on how to achieve your career goal?

→ For a sure, yes, as we have been told by ~~so many~~ regarding GRE, TOEFL and many other courses including undergraduate research projects which ~~was~~ definitely helped us to have a better understanding on how to achieve our career goals.

4. Do you feel that this workshop has been useful?

Again with pride I should say 'Yes'. It has been very useful for us as it cleared so many problems which we probably ~~are~~ ^{will} ~~would~~ have^{to} face in future in we wouldn't ~~get~~ get the opportunity to ₂ attend it.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

Yes, much more than I expected as our mentors were so good. and I feel much more focused to my career than I was before this workshop.

2. Do you feel that you have a better strategy for your study?

Yes, I got the better vision and strategy after doing the workshop under best mentors and teachers. and it really helped me alot.

3. Do you have a better understanding on how to achieve your career goal?

Yes, now I am very clear about my career goals after this workshop and all thanks to the mentors for giving us the best advice for our career.

4. Do you feel that this workshop has been useful?

Yes, I am every encouraged for abroad studies and I got to know about different fields in Science and Technology which is very useful for us to apply in different fields. and it gives a better vision to decide my career.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Institution/Company AMU (women's college AMU), Address: chemistry-section

women's college AMU.

1. What motivated you to choose STEM subject?

2. What strategy do you follow for your study?

3. What is your career goal?

4. What is your expectation from this workshop?

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

Yes, As a mentor for these students
I feel is workshop will help
these students a lot in
pursuing STEM fields.

2. Do you feel that you have a better strategy for your study?

Now, after attending this workshop
the students can plan out in a
proper way.

3. Do you have a better understanding on how to achieve your career goal?

Yes, Being a teacher (Assistant Professor)
my aim of attending STEM
and getting a good goal in
future is now more clear.

4. Do you feel that this workshop has been useful?

Very Much.

I thank You, people for organizing here
in women's college AMU.
It is useful for all of us.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: 9, Location (circle): Aligarh, Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: IFRAH FARID, Subject: Biochemistry Student / Teacher / Alumni

Institution/Company AMU, Address: 4/770 H, Mehak Street, Behind II
Petrol Pump, Anoopshah Road,
Aligarh

1. What motivated you to choose STEM subject?

Motivation for choosing STEM subject comes from the genuine interest developed in the subjects from an early stage. Also these subjects are considered highly valuable in the society so that factor also played a major role in my ~~our~~ decision for choosing these subjects.

2. What strategy do you follow for your study?

Attending the class lectures and taking notes in the class. Then studying those topics from different books and making our own notes. That's it at this level. 😊 It will become more complex as I level up.

3. What is your career goal?

I like studying my subjects and knowing more about it but there is no definite career goal I have. That is something I^{am} also really worried about. I don't have direction which is something I really want need.

4. What is your expectation from this workshop?

The ^{most} basic and my only expectation is that I get a direction and much more motivation for my career. Further, I expect ¹ to get exposure to different options of career.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

I definitely feel much more motivated in my choice of STEM fields. When I first joined it, I wasn't this much confident. I also had thought of leaving STEM and joining some SSC job. So the workshop has definitely helped me in ~~the~~ my confidence of choosing stem.

2. Do you feel that you have a better strategy for your study?

Well! I didn't have a goal before. Not knowing what to do, when to do. Now I have a goal ~~at~~ till M.Sc and hopefully it will get higher. I might still follow same strategy but now with more determination.

3. Do you have a better understanding on how to achieve your career goal?

Yes, definitely. I have already mentioned above. It's still not completely clear but better than before.

4. Do you feel that this workshop has been useful?

Yes. It has boost my confidence level and ~~it~~ has made me more determined. hopefully, I will continue to be this way.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: 9, Location (circle): Aligarh Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: Adeeba shariq, Subject: 8 Student/Teacher/Alumni

Institution/Company student, Address: hathi wala pul musharraf manzil

1. What motivated you to choose STEM subject?

Reason is that - I of all I am interested in science so much & this workshop is related to it, due to which I want to join it. Gaining knowledge will always be my priority.

2. What strategy do you follow for your study?

First of all I try to be on schedule which I have made pattern study is the systematic one, so I follow that as my strategy.

3. What is your career goal?

No doubt career goal is to be a MBBS doctor.

4. What is your expectation from this workshop?

I expect getting knowledge that I am not aware of, by this workshop. And to know more about my goal stream that's science.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Pre-workshop survey

WSR Workshop: Number: 9th, Location (circle): Aligarh, Delhi, Hyderabad, Kolkata, Kurnool, Patna

Name: AFREEN FATIMA, Subject: ZOOLOGY, Student/Teacher/Alumni

Institution/Company WOMEN'S COLLEGE, Address: A-3, STREET NO.8, DILSHAD COLONY
DHORRA MAFI ALIGARH

1. What motivated you to choose STEM subject?

The word STEM is enough to build my interest in this workshop. It provides us opportunities to study abroad. It is basically for women who take keen interest in teaching.

2. What strategy do you follow for your study?

I used to prefer books for my studies but sometimes I watched the videos of my particular topic so as to make me perfect in my studies. I believe in smart study. It reduces stress, is efficient and produces optimal result.

3. What is your career goal?

I am very much interested in animals. I want to know about them, their life style, their behaviour. I want to be a zoologist.

4. What is your expectation from this workshop?

This workshop is for Educational Research purpose. I expect, it provide us teaching technique. How to teach others. Because to teach others we first educate ourselves.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

Yes, It provides us alot of ^{career} opportunities. I personally feel that I am lucky to choose the STEM.

2. Do you feel that you have a better strategy for your study?

Yes, we have atleast give sometime to our study to understand the topic perfectly. we have to make our study schedule properly.

3. Do you have a better understanding on how to achieve your career goal?

I am a zoology student. I know that I have to do my post graduate in zoology. But sometimes I get distracted, what subject I will choose later.

4. Do you feel that this workshop has been useful?

Yes, This workshop has been useful. It increases my interest in research field.

Director: Dr. Sultana N. Nahar, The Ohio State University, USA

Post-workshop survey

1. Do you feel more motivated in your choice of study in STEM fields?

Yes,

2. Do you feel that you have a better strategy for your study?

Yes,

3. Do you have a better understanding on how to achieve your career goal?

Yes, the sessions were very informative.

4. Do you feel that this workshop has been useful?

Yes, absolutely.
