October 31, 2016

Ref. Sultana N. Nahar and Alburuj R. Rahman Physics Prizes, 16 in total, for faculty members and postgraduate students in Departments of Physics and in Department of Astronomy and Meteorology of Al-Azhar University, Cairo and Assiut campuses

Dear President Professor Alhudhud,

Assalamu alaikum.

I am a professor in the Astronomy Department of the Ohio State University in the USA. The reason for writing this letter is to request you to resolve two issues regarding the prizes in Physics and in Astronomy & Meteorology that I founded and sponsored at Al-Azhar University officially in 2013. For the record of the prizes and the process, I am submitting the copies of the signed documents since 2012.

To promote the importance of Al Azhar University in the western world, I established a recognition program, initiated in 2012, to encourage the faculty members and students to raise the excellence of standard of the University. The program is to give 16 annual prizes in Physics and in Astronomy & Meteorology from the profit (described in the MOA guidelines) of an endowment fund of \$25000 (given in 2013) + \$2800 + Euro 500 (given in 2014) + \$5500 (given in 2015) all of which were converted to Egyptian pounds at the time they were deposited in the bank. The Dean of Faculty of Science is expected to provide me an official bank statement which will state the exact amount of total fund available at this time.

I would like to mention that the Dean of Faculty of Science gave one prize in physics in 2014. During my visit in 2015, 11 prizes were given, but no money was taken out of the endowment fund. I provided the prize money for everyone.

However, I came to know in 2015 from the present Dean's office about the two problems with the program. I was informed that the endowment fund is saved in a conference account which need to be closed. I met Professor Ashraf Atia A. El-Bedwehi, Vice President of Postgraduate Studies and Research of Al Azhar University on October 27, 2016. He discussed the account issue with you and informed me that you agreed to transfer the fund presently under the Dean of Faculty of Science to a university account. He advised me to write a letter of authorization for the transfer of fund. This letter aims to give the authorization.

The other issue is on the official formality of the prizes. Past Dean Professor Wahab informed me through an email and over the telephone that the past president approved the prizes in the meeting in May 2013. But political unrest started and issuing the formal letter of the approval was postponed by other urgent matters. Professor Ashraf Atia suggested, following

the information provided by the university accountant during our meeting, that I submit the Memorandum of Agreement for the prize guidelines to you to be presented at the University Council meeting on November 23rd, 2016. Hence I am submitting the MOA of the guidelines with this letter. Professor Ashraf explained that after its passing by the University Council, you would approve it formally which will be sent to the Grand Imam for the final approval. Professor Ashraf expressed hope for the formality for the prizes to be completed in November 2016.

In this letter, I the sponsor of the prizes, authorize past Vice Dean Professor Rabie El-Halag to withdraw, after the formal approval of the prizes by Al Azhar University, the total fund of the prize program exist in the conference account under the Dean of Faculty of Science and give it to Vice President of Postgraduate Studies and Research Professor Ashraf Atia Bedwehi, to deposit in the university account right after the withdrawal. Professor Ashraf Atia will accompany Professor El-Halag to the bank and carry out the transfer of the fund.

With best regards,

Professor Sultana N. Nahar

Associate Director: Obama-Singh STEM Education and Research Faculty Training Project at OSU under USIEF

Website: <http://www.astronomy.ohio-state.edu/~nahar>

**Memorandum of Agreement:****Sultana N. Nahar and Alburuj R. Rahman Prizes in Physics, and in Astronomy & Meteorology at Al-Azhar University****1. Purpose:**

To recognize and encourage Muslim teachers for the best teaching in class and outstanding research publications and Muslim students to achieve academic and research excellence in their respective areas of physics, astronomy and meteorology. This recognition program will give annual prizes to teachers and students for the best performance.

There is always a limited number of students who perform in the topmost level in the class. Recognition will encourage them to continue their best effort for higher excellence. However, through best teaching in the class, helping and giving positive attitude to the students a teacher can uplift the standard of the whole class. The teacher from whom students feel most benefited in gaining knowledge should be nominated by them to be recognized.

Research is crucial for advances. Without research publications an institution is not known outside. Teachers play the important role in guiding and training students in research as well as leading research projects. Best research publications will be recognized annually.

**2. Funding:**

The prizes are sponsored by the personal income of Professor Sultana N. Nahar of the Ohio State University in the USA. She provided a fund of US\$33,300 and Euro.500 during 2013-2015 which were converted as Egyptian pounds and deposited in a bank by the Dean of Faculty of Science of Al-Azhar University. Following the resolution agreed by the Vice President Professor Ashraf Atia A. El-Bedwehi and the sponsor Professor Sultana N. Nahar in October 2016, the total accumulated fund, as quoted in the bank statement, will be transferred to a university account as an endowment fund.

Of the total profit earned from the endowment fund, 95% will be used for the 16 annual prizes, and the rest 5% will be added to the endowment fund for sustenance and future increase of the honorarium of the prizes.

Per discussions with faculty members of the Physics Departments, boys and girls, and Astronomy & Meteorology, the honorarium of each prize was decided in 2015 and was used in distribution of prizes in 2015. These amounts are quoted below. However, they may vary depending on funds available, but are expected to increase with time.

**3. Prizes:**

*There are in total 16 annual prizes in 4 departments, (i) 4 prizes for Boys Physics Department - Cairo, (ii) 4 for Girls Physics Department - Cairo, (iii) 4 for Physics Department - Assiut, and (iv) 4 for Astronomy & Meteorology - Cairo.*

*Each department has 2 faculty prizes and 2 student prizes as described below:*

- i) "Sultana N. Nahar prize for Distinction in Research Publications in Physics or in Astronomy & Meteorology" for a faculty member,
- ii) "Sultana N. Nahar prize for Distinction in Teaching in Physics or in Astronomy & Meteorology" for a faculty member,
- iii) "Alburuj R. Rahman prize for the best Ph.D. Thesis in Physics or Astronomy & Meteorology" for a Ph.D. graduating student of the year,

iv) "Alburuj R. Rahman prize for the best M.Sc. Student" for the thesis and academic excellence for a M.Sc. graduating student of the year.

Each prize consists of i) a Certificate of Excellence and ii) an honorarium. The certificates will be signed by the President of the university or by the Vice President of Graduate Studies and Research or by the Dean of Faculty of Science and the Chair of the respective Department. Of the total fund available for the prizes, each faculty member prize is about 8.15%, each Ph.D. prize is about 5.44% and each M.Sc. prize is about 3.26%

#### **4. Terms and Conditions for the 4 types of prizes:**

##### **A. "Sultana N. Nahar prize for Distinction in Research Publications in Physics or in Astronomy & Meteorology" for faculty members:**

There are 4 annual "Sultana. N. Nahar Prize for Distinction in Research Publications", 3 in Physics for Boys and Girls colleges of Cairo campus and Assiut campus, and 1 in Astronomy & Meteorology. The prize evaluation includes *guidance of at least one research student*. The honorarium of each prize will be approximately equal to EGP.1500.

##### **Selection Criteria:**

Nomination of this prize for a faculty member will be based largely on research publications *and with whom at least one student has carried out his/her Ph.D. or Masters thesis research* or authored in one publication in a peer-reviewed journal. Nomination points are divided as:

75% weight - for the research publications,

10% weight - for conference presentations, participating in organizing a conference or some other of achievement that *makes Al Azhar University known for research*.

5% weight - will come from the research students assessing help from their advisor

5% weight - will come from the Head of the respective Department. based on his/her judgment on the research activities of the nominated teachers. In the event the Chair himself or herself is nominated, the 5% will be decided by the prize committee overseeing the procedure.

5% weight - will come from the recommendation of the sponsor, Dr. Sultana N. Nahar or her representative. In absence of the sponsor or her representative, the 5% will be added to the points for research publications.

Weight on research publications will depend on i) number of publications (published and accepted papers) in the past year, ii) number of publications in journals with larger number of international readers such as western journals, iii) contribution of the author in a multi-authored paper.

**Citation:** *"In recognition of outstanding research publications and motivating students to creative thinking and research"*

However, the citation can be changed with research topics that are related to the winner.

##### **B. "Sultana N. Nahar prize for Distinction in Teaching in Physics or in Astronomy & Meteorology" for faculty members:**

There are 4 annual "Sultana N. Nahar prize for Distinction in Teaching", 3 in Physics for Boys and Girls colleges of Cairo campus and Assiut campus, and 1 in Astronomy & Meteorology. The honorarium of each prize will be approximately equal to EGP.1500.

##### **Selection Criteria:**

Nomination of this prize for a faculty member are divided as:

85% weight - from students assessment of their teachers based on their learning knowledge from lectures in class and inspiration they receive.

10% weight - will come from the Chair of Department based on the judgment of teaching of the nominated faculty members. In the event the Chair himself or herself is nominated, the 10% will be decided by the prize committee overseeing the procedure.

5% weight - will come from the sponsor, Dr. Sultana N. Nahar or her representative. In absence of the sponsor or her representative, the 5% will be added to the students top choice.

**Citation:** "In recognition of the best in-class teaching and inspiring interactions that benefited students acquiring maximum knowledge of the subject material and motivated to academic excellence

**C. "Alburuj R. Rahman prize for the best Ph.D. Thesis in Physics or Astronomy & Meteorology" for a Ph.D. graduating student of the year**

There are 4 annual "Alburuj R. Rahman Prize for the best Ph.D. Thesis", 3 in Physics for Boys and Girls colleges of Cairo campus and Assiut campus, and 1 in Astronomy & Meteorology who have received their degree during the last 1 year. The honorarium of each prize will be approximately equal to EGP.1000.

#### **Selection Criteria:**

Nomination of this prize are divided as:

80% weight - from research publications

15% weight - from thesis materials that have not been published but are expected to be published

5% weight - from the academic record

**Citation:** "For the best research publications from the Ph.D. thesis and the additional expected from the thesis in Physics or in Astronomy & Meteorology"

**D. "Alburuj R. Rahman prize for the best M.Sc. Student" for the thesis and academic excellence for a M.Sc. graduating student of the year.**

There are 4 annual "Alburuj R. Rahman Prize for the best M.Sc. Student", 3 in Physics for Boys and Girls colleges of Cairo campus and Assiut campus, and 1 in Astronomy & Meteorology who have received their degree during the last 1 year. The honorarium of each prize will be approximately equal to EGP.600.

#### **Selection Criteria:**

Nomination of this prize are divided as:

80% weight - from research publications

20% weight - from the academic record

**Citation:** "In recognition of securing the highest combined points/grade in M.Sc.courses and research thesis at graduation in Physics or Astronomy & Meteorology"

#### **5. The Prize Board:**

The Board will consist of the President of Al-Azhar University, the Vice President of Postgraduate Studies and Research, the Dean of Faculty of Science and the Chairs of the respective Departments for the respective candidates and the sponsor, Dr. Sultana N. Nahar.

For the best of motivation or encouragement, the academic committee of the Departments may suggest modifications or adjustment of the process. Any decision on the modification of the terms and conditions or relevant issues on the prizes can be made by three members of the Board with consent from the sponsor.

#### **6. Evaluation Process:**

About two months before the end of the academic year Physics, Mathematics, Biology Departments will initiate the awarding process. The academic committee of the Department will form a prize committee of three to five faculty members. All faculty members in the prize committee are also eligible to be nominated.

For the research prizes, all faculty members will be asked in a notice to submit their past years research publications and updated CV to the office of the Department Chair.

For the teaching prizes, the prize committee will collect students assessment of the faculty members. The committee will make selection of faculty members with maximum points, one or two (in case of close points). The Chairperson and the prize committee will approve one winner for the prize and send the names to the Prize Board headed by the University personnel who will have them approved. In case of two nominees with almost equal points, the prize money can be divided into two, where each winner will get the certificate and half of the honorarium. The Board will inform the winners and present formally the certificate and honorarium to each of them.

#### **7. Prize Ceremony:**

To honor the winners and inspire others to make the best effort, it is suggested to hold the prize ceremony in combination with other events or in an event where the largest university audience will be present and publish the news of the winners in the university news media.
