Dr. Joy McCorriston
8 July 2024

Prof. Sultana Nahar
Department of Astronomy
The Ohio State University

Dear Sultana,

We are writing to extend our thanks for the exceptional service contribution you have made on behalf of our community. Your dedication and commitment to education and outreach related to the Middle East have made a significant impact and exemplify the spirit of collaboration and excellence that we strive to foster here at the Middle East Studies Center. You bring important experience to our community and have been a steady friend at MESC, bringing great value to our efforts to include a broad OSU community and perspectives. (In a note of thanks, please let me call attention to our conversations around the Gaza War this past semester. I look forward to more of them—Joy).

Your efforts have not only enhanced our university's reputation but have also enriched the experiences of students and local community members. We are fortunate to have someone of your caliber and dedication as part of our team. Please let us know how we can support your interests and those of your students (here and abroad) in the coming years.

Thanks so much.

Best regards,

A handwritten signature in black ink that reads "J. McCorriston".
