Dr. Sultana N. Nahar
Department of Astronomy, OSU
140 West 18th Avenue
Columbus, OH 43210

Dear Dr. Nahar,

Enclosed you will find some photos that were taken at the Headliners event. I hope you will enjoy having them.

It was my distinct pleasure to meet you and to introduce you to the Women of Wayne Headliners audience. Wayne State University is proud to claim you as one of our own. Your accomplishments place you among a very special class of women scientists. Women who have blazed the trail and made sure that it was possible for others to follow.

Thank you all you do for women throughout the world.

Sincerely,

Theresa A. Lorio

WAYNE STATE UNIVERSITY
