Dear Dr. Nahar:

I want to congratulate you on your recent graduation from Wayne State University.

The achievement of any degree - undergraduate or graduate - represents not only the mastery of a particular subject, but also the successful juggling of many competing demands, often including paid employment, volunteer work and family responsibilities. The determination you have shown in striving for and reaching your goal of a college degree will serve you well throughout the rest of your life.

Again, I commend you on your achievement, and wish you the best in all your future endeavors.

Sincerely,

Geo. W. Crockett, Jr.
Member of Congress
