Dear Dr. Nahar:

I was thrilled to learn of your recent recognition by the Eastern Great Lakes Section of the American Physical Society. By earning the William Fowler Award for Research, you are demonstrating your exemplary commitment to outstanding scholarship. And, your award is even more significant given that it is named in honor of a former Buckeye scholar and Nobel Prize laureate!

Congratulations on your exciting accomplishment and thank for showcasing the exceptional quality of Ohio State's faculty.

Cheers,

Patrick Louchouart, PhD  
Senior Vice Provost for Faculty  
Office of Academic Affairs
