Prof. Elmamama thanked Prof. Sultana Nahar for her continuous efforts in encouraging research. He also appreciated her generosity in sponsoring this award annually. This announcement is part of the events which accompanied IUG second Scientific Research week.

Prof. Elmamama pointed out the variety of the researches led by faculty members and students in both Science and Engineering.

In her speech, addressed by Prof. Sanaa Aboudagga, Prof. Nahar drew attention to the extraordinary work of the participants and the benefits of

research in different fields. She also marked the importance of recognition to bring focus to one's accomplishments. Furthermore, she pointed out the significance of backing productivity and creativity.
