*Welcome* to the Original London Sightseeing Tour "Kids Club". Plug in the headphones next to your seat and you can hear the Kids Commentary! Don't forget to select the Kids Channel.

Meet Jack and Lucy who will guide you on a tour around London. Listen out for the ghostly "Spirit of London". He's been in London for centuries and gives eyewitness accounts of great moments in history – grisly tales from the Tower of London and an alarming nose-witness account of The Great

Stink of 1858. Lucy and Jack think the adult commentary is BORING! so they hope you will enjoy their version – "the Kids Club Tour of London".
