Introducing Our Esteemed Speaker!

We're delighted to announce that **Prof. Dr. Sultana Nurun Nahar** will join us online to discuss Black holes!

Prof. Nahar completed her undergraduate education in Physics and M.Sc. in Theoretical Physics at the University of Dhaka, and earned an M.A. in Quantum Optics and Ph.D. in Atomic Theory at Wayne State University in Detroit, Michigan.

Prof. Nahar is also an author of the textbook "**Atomic Astrophysics and Spectroscopy**". Currently she is serving as a Research Professor at the Department of Astronomy of The Ohio State University and a large collaborator of Ohio Supercomputer Center.

Dr. Nahar is recognized for her academic excellence. She has delivered numerous lectures and participated in several events on astronomy and astrophysics, demonstrating her passion for science outreach.

We look forward to a session brimming with innovative ideas and engaging discussions.
