Message for

"Aligarh Nano IV International 2014"

"I wish to congratulate Aligarh Muslim University in India for hosting the "Aligarh Nano IV - International" Meeting on March 8-10, 2014 and to welcome participants from the international community of science. It is clear that advances in nanoscience and nanotechnology are increasingly impacting our society and it is timely for the university to be part of these developments. I am not able to participate in what promises to be an exciting conference and I wish the organizers and participants a successful and enjoyable time in India."

Ahmed H. Zewail
Nobel Laureate (1999)

Prof. Ahmed H. Zewail

Linus Pauling Chair Professor of Chemistry and Professor of Physics
Director, Physical Biology Center for Ultrafast Science & Technology
California Institute of Technology
California, USA

"When I was a child, I thought of my Delta town as the center of the universe, but now I realize how little I know about the universe."

"As a child, I thought I was immortal, but now I recognize how limited a time we all have."

"As a child, success meant scoring A on every exam, but now I take it to mean good health, close family and friends, achievements in my work, and helping others."
