Department of Astronomy
The Ohio State University
Columbus, OH 43210
USA

Ref: Visiting Faculty at Department of Physics and Astrophysics, the University of Delhi.

Dear Professor Sultana,

I am very pleased to welcome you as a visiting faculty member under the Indo-US Project in the Department of Physics and Astrophysics, University of Delhi. As planned, you will be teaching the condensed postgraduate course on "Atomic and Molecular Radiation Physics: From Astronomy to Biomedicine" with 6 lecture-hours per week and holding a workshop on atomic structure and R-matrix codes for research projects, jointly with Professor Anil K. Pradhan during 10 February – 10 March, 2014. The course participants will be awarded with certificates upon completion. I also hope that your interactions with faculty members, reserachers and students will help initiate collaborative reserach projects between Ohio State University and the University of Delhi.

The Professor Krishnan Office has been assigned for both Professor Anil Pradhan and you during your stay. We will provide you the necessary facilities, such as Internet connection, telephone, stationery and other services as needed.

I wish you a very successful visit and teaching at Delhi University.

With best regards,

Professor Amitabha Mukherjee
Head of the Department
