Welcome ACAG7

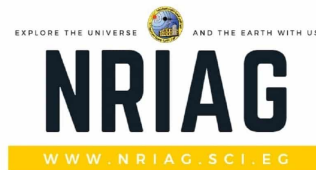

NRIAG, will host the "Seventh Assembly of the Arab Conference on Astronomy and Geophysics". The conference is in the fields of Astronomy and Geophysics.

[REGISTER](#)

Message of Chairman

It is my pleasure to invite you to the 7th edition of the Arab Conference on Astronomy and Geophysics that is organized and hosted by the National Research Institute of Astronomy and Geophysics (NRIAG). The conference covers a wide range of topics, and it will be our pleasure to have your contribution to be presented in ACAG7.

We are honored to invite you to attend the Arab **Conference** on Astronomy and Geophysics, 7th assembly hosted by the National Research Institute of Astronomy and Geophysics over the period of October, 11 -14, 2021. The conference will go ahead in person and the LOC will consider all the necessary actions for the safety of all attendance.

Message of LOC Chairman

On behalf of the local organizing committee, I would like to welcome you to the 7th Assembly of the Arab Conference on Astronomy and Geophysics, the best platform to present and discuss your scientific achievements. You will attend lectures of international keynote speakers and participate in specialized workshops. We would be delightedly present to ensure an optimum benefit and experience.

Time To ACAG-7

registration desk.

Social Event

The conference organizes on Friday, October 15 a one day trip to visit the Giza Pyramids and The National Museum of Egyptian Civilization. For information and preservation please check the registration desk.

Prof. Harald Schuh

Director of Geodesy Department at Helmholtz Centre Potsdam, GFZ German Research Centre for Geosciences. Title of Presentation: The International Association of Geodesy (IAG) and its Global Geodetic Observing System GGOS.

Prof. Clark Wilson

Professor, Department of Geological Sciences, Jackson School of Geosciences, University of Texas. Title of Presentation: The Use of GRACE Satellite Gravity Data in Understanding the Hydrologic Cycle in Various Regions.

Prof. David Valls-Gabaud

Director of Research at CNRS, Formerly Deputy Head of GEPI, Observatoire de Paris. Title of Presentation: Open Star Clusters: The Building Blocks of Galaxies.

Prof. Zouhair Benkhaldoun

Director of Oukaimeden Observatory, Professor in Cadi Ayyad University's Department of Physics. Title of Presentation: Habitable Exoplanets: State of the Art.

Prof. Sebastian Els

MBRSC Mohammed Bin Rashid Space Center. UAE

Title of presentation: Astronomical site searching and testing - an overview of concepts, data, and historic experiences

Prof. Massimo Capaccioli

University of Naples Federico II Capodimonte Astronomical Observatory, Naples

Title of presentation: History & results of the VLT Survey Telescope

Prof. Sultana Nahar

Department of Astronomy of the Ohio State University, USA

Prof. Mohamed Sultan

Professor, Remote sensing Department of Geological and Environmental

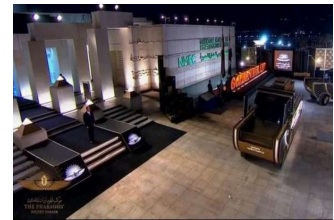

Al-Mu'izz li-Din Allah

Grand Egyptian Museum

Museum of Egyptian Civilization

Museum of Islamic Art

Prof. Devraj Pawar

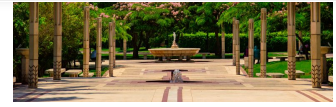

Associate Professor in the Department of Physics, R. J. College, Mumbai, India.

Title of presentation: Observations of X-ray Binary Systems

Prof. Jan Mrlina

Department of Geodynamics of The Institute of Geophysics, Czech

Baron Empain Palace

Cairo Tower

Pyramids of Giza

Mosque of Muhammad Ali

Khan el-Khalili

Recognition of Late Dr. Assia Harbi

Dr. Assia Harbi

As a sympathy of this great loss, her name will be recognized during the opening ceremony of ACAG7. Consequently, there will other relevant activities for this purpose.

Conference Topics

Astronomical Topics

- Galactic and Extra-Galactic Astronomy
- Stellar and Theoretical Astronomy
- Solar Physics and Solar Energy
- Solar Radiation and Pollution
- Engineering Applications in Astronomy
- Space Science and Technology
- Cosmology and High Energy Physics

Geophysical Topics

- Seismology and Natural Hazards
- Geodesy and Geodynamics
- Environmental and Engineering Geophysics
- Archaeogeophysics
- Potential Field Methods & Applications
- Water Resources and Management
- Geothermal Resources
