

Feb. 13, 2013

Dr. Sultana N. Nahar
Department of Astronomy,
Ohio State University
140 West 18th Avenue,
McPherson Laboratory
Columbus, OH 43210, USA

Dear Dr. Sultana Nahar,

It is our pleasure to invite you to come to the Department of Physics, Faculty of Science, Ain Shams University, and give an invited talk on your latest research in the field of "Collisional Excitation and Electron-Ion Recombination for Nebular Abundances". If it agrees with your schedule, the talk would be set for March 4th, 2013. Our department would appreciate very much your acceptance of our invitation. Looking forward to hearing from you. Please accept our best regards.

Sincerely,

Dr. Adel Abdelsattar,

Professor and Chairman,

Physics Department
