### Information Session on American Physical Society (APS)

Do you have interest and passion about the field of Physics? Do you know about American Physical Society? Please join this session about American Physical Society (APS), which is the largest scientific network of about 55000 members in Physics and Physics related areas from USA, Canada, Europe, Japan, and other countries. It is a great platform for scientific interaction through general and divisional meetings. APS gives many awards and prizes, quite a number of grants, including travel grants, job opportunities and relevant trainings, and many other benefits. An honorable APS Fellow, Prof. Sultana N. Nahar of The Ohio State University and Expatriate Fellow of the Bangladesh Academy of Sciences (BAS) will be the speaker for this session.

Please see the event description for your convenience and register to join this event.
