POEM

د/ ابيات مسيري

In the name of Allah the most Gracious the most Merciful

The Kingdom is home to Arab beautiful poetry and famous poets and my sister fee Ellah Dr. Eman Assiri have this gift and she made some beautiful poem especially for this event.

Praise be to Allah, who created everything ability, and has the knowledge of every creature and its resources.

And proved in the Quran that all what Allah judged and recorded will not backside not belated

And prayer and peace be upon the Prophet Muhammad صلى الله عليه وسلم whom read the Quran of Gabriel and taught it

To you all we present you bouquet love of flowers to every one of you

We welcome you with the Koran that would make our hearts rise

We welcome you with Koran verses from you whom chase to be on the true guidance of Allah

This is Taibah with its stunning look welcoming our visitor and offer glamorous a tribute

بسم الله الرحمن الرحيم

الحمد لله الذي خلق كل شيء فقدره ، وعلم مورد كل مخلوق ومصدره ،

و أثبت في أم الكتاب ما قضاه وسطره ، فلا مؤخر لما قدمه ولا مقدم لما أخره..

و الصلاة والسلام على محمد الرسول الأمي من قرأ الكتاب من جبريل وعلمه..

للحاضرين اليوم نهدى من زهور الحب باقة مشتاقه تهفوا لكم من أنفس مشتاقه

أهلا بكم ما شئت القرآن أسماعاً فزان قلوبنا إشراقه أهلا بكم ما رتلت آياته من أنفس هي للهدى سبأقه

هذي طيبة تزدهي بضيفتها وتزف ألف تحية برأقه رياه بارك جمعنا واجمع

إلهي شملنا بمحمد ورفاقه

Oh Rabi bless our gathering and gather us with

Muhammad and his companions

بركاته و الله رحمةً و عليكن فالسلام

We are sharing Allah's inspiration And our

hearts full of faith

فالسلم عليكم و رحمة الله و بركاته

The Koran recitation cleansing us

With love and tenderness

وحي الرحمن يشاركننا
وقلوبنا كلها إيمان

Allah's verses comfort us

With light and protection

ترتيل المصحف يطهرنا
فيض من حب وحنان

**Deans and vice deans, heads of Departments,
Faculty members**

Students and all whom with us in this event

Salam to you all, may Allah bless us all

**Today we here to welcome and share elegant
science and exchange knowledge following our**

Cognitive approach drawn by our Rector Dr.

**Adnan Bin Abdullah Al-Mazroaa and its senior
management May Allah protect them**

**Represented by Dean of undergraduate and
graduate studies Dr. Enas Taha**

آيات الله تطمئننا
وهج من نور وأمان

صاحبات السعادة عميدات ووكيلات الكليات ، المكرمات رئيسات
الأقسام .عضوات هيئة التدريس..
أخواتي الطالبات...أيها الحضور الكريم..
حياكن الله وأحياكن ، ورحمنا وإياكن..
وبعد . فاليوم تزدان الزهور رونقا بالعلم ، من هذا الصرح التعليمي
الشامخ ، نتابع سير الخطى للتبادل
المعرفي على نهج رسمه لنا معالي مدير الجامعة د.عدنان بن عبد الله
المزروع وإدارته العليا يحفظهم الله
والتي تمثلها سعادة عميدة الدراسات الجامعية د.إيناس طه بهذه
الكلمة

**We are honored with the Faculty of Science to
host Prof. Sultana Nahar**

**And we would like to give a glance of the
Faculty of Science represented**

by Dr Hanadi Hassan Zahid

كلمة عميدة الدراسات الجامعية

شرف لنا مع كلية العلوم تقلدناه بسمو الأهداف وما نطمح إليه من
الأمان؛ فتشرفت علماً باستضافة

البروف سلطانة نهار لتعطينا من معين علمها تتقدم سعادة وكيلا كلية العلوم
العلوم الدكتوراة / هنادي بنت حسن
زاهد لإعطاء لمحة عن كلية العلوم
..عرض كلية العلوم.

Today is a special day and we welcome our honorable Dr. Sultana Nurun Nahar, A research scientist at Astronomy Department, Ohio State University.

Dr. Nahar got her PhD from Wayne State University, on "Electron and positron scattering from atoms", and she is a science list of the University people.

Dr. Nahar research interests are in the following research areas:

1. atomic astrophysics
2. photoionization,
3. electron-ion recombination,
4. photo-excitations and de-excitations,
5. electron-ion scattering,
6. dielectronic satellite lines,
7. theoretical spectroscopy,
8. x-ray nanospectroscopy for biomedical applications in cancer treatment,
9. biomedical nanoscience program.

She published in 145 journals, largely single author, one book entitled "Atomic astrophysics and spectroscopy", and chapter in other five books.

Dr. Nahar gave several presentations/seminars/keynotes lectures.

She successfully received 12 research grants from highly accredited fund sponsors such as NASA and NSF.

She was a co-supervisor of multiple students, postdocs and researchers.

Additionally, she is a valued referee of 26 journals.

Dr. Nahar is a founder of the "International Society of Muslim Women in Science"

Aimed to encourage Muslim women to science profession, with 130 members from 25 countries.

She is also a co-founder of the "International Society of Arab Women in Science".

Finally, Dr. Nahar was a scientific organizer of 9 national and international conferences, and a Founder and Sponsor of STEM Education and Research Program in Bangladesh, India, and Egypt.
