

**Impact Report from Kurnool - By Mentor Fellow Prof. Jahanar Mnim (Representing Local Expert Captain Ali) & Dr. S.N. Nahar**      **9/17.2018**

**Report**

Faculty , undergraduate and graduate students attended WOMEN IN STEM ROADSHOW workshop on 21st &22nd Feb 2018 in kurnool.This event is not just a single or two days routine seminar but each specialized in specific knowledge areas. This work shop was strengthen people -to-people lies between the United States and India through exchanges of information, experiences and expertise. Support economic growth and development by creating awareness for girls and young women on higher education opportunities in STEM fields

Most of the students was inspired by multifaceted personality Professor Dr Sultana N.Nahar and they joined in research ,they expressed that attending a workshop had numerous benefits, including improving communication skills,gaining experts knowledge, networking with others and renewing motivation and confidence.

This work shop helped the students to achieve success in their academic environment by putting these skills in the practice. WSR stands as a light house for the upcoming and budding research scholars in the horizons of India in generalisation and kurnool city in particular.

Students expressed gratitude to Dr Nasreen Haque dynamic international expert and enriched technosavy,a successful driving force in bringing all on to the same platform because of her we are all fortunate enough to have this work shop in kurnool. Students learned communication skills and developed a confidence from Dr Pradhan an elegant personality to the core,they learned to prepare CV and apply Visa , enlightened by Dr. Karen Irving.

Participants was very much inspired by alumni 's interaction ,it had filled with a perfume aiming many to walk along with them. Chief guest Mrs.Haque graced the august work shop to share about her social services and ventilate her ideas, being a woman her services are appreciated.

We need to advance our women scientists,hope so STEM make this universe women oriented society. STEM is here to Evolve,a selfless journey to change,grow and succeed.

Thank you

Dr.Jahanara.

**Updates of some Participants**

**1. Shaikh Nabiha: Motivated to study abroad has performed excellent to achieve the 1<sup>st</sup> position in B.Sc. in the university**

I, S.Nabiha of Hajirah Degree College for women,kurnool pen down these words to thank you for availing us the wonderful oppurtunity to study abroad and opening up the portal for exemplifying our knowledge which proved to be a great help for me to achieve 1st position among B.Sc (BZC) students of my university.

I keenly interested in pursuing Masters degree in life sciences after my graduation. The interactions with alumni has given me a great hope for future ahead.

I hereby enclose the requested certificate and photo identity regarding my participation in STEM activity.

**2. Mymuna Afreen Shaik – Highly motivate and achieved the Rank 1 position in M.Sc. 1<sup>st</sup> year exam and “aim is to be an ideal for others like Albert Einstein, Abdul, Kalam & the last but not the least Sultana mam “**

Assalamualaikum mam. Myself s.mymuna afreen. I recently persued my graduation from osmania degree college for women knl. Fortunately I attended the women in STEM roadshow workshop held in kurnool(India) during Feb 2018.

My purpose of writing this to u is that with your well work & wishes I chose to opt a profession in STEM field- physics for my msc. With immense pleasure I would be glad writing to you that I stood TOP in the Rayalaseema University in msc physics entrance exam.

**IMPACTS OF WORKSHOP:**

- ~ The experience of meeting such great personalities was very inspirational specially for myself.
- ~ The effective speeches delivered by naharmam, Dr.anil sir & others were very inspiring & full of content to build up student's confidence, knowledge,& the enthusiasm to explore the world.
- ~ It filled up my mind to reach the peak of the universe like sultana mam.As sky is the limit for human needs& the need of knowledge is infinite-has no boundaries.
- ~ it helped me build up confidence, develop communication skills,& to proper my body language.
- ~ it boosted me to prove myself.it [myself.it] was like a supplement to invoke one's inner abilities.

**CONCLUSION:**

I always love to explore knowledge around me.it [me.it] was that enthusiasm & curiosity that made me step my foot at the work shop.i feel I was lucky to be one Among all the participants.

My aim is to be an ideal for others like Albert Einstein, Abdul, Kalam & the last but not the least Sultana mam. As knowledge of sciences that torch which illuminates the world & a lamp W/o light is worthless.i wish my thirst for knowledge never ends....

I conclude myself with a gratitude of thanks & my hearty wishes to nahar mam for her +greatwork in the future.All the very best.....

**4. Syed Adeeba Fayeez:: Completed M.Sc. Achieving First Class and has joined as a Science Guest lecturer at KVR Govt. Degree College for Women, Kurnool**

**5. Shaik Khuleda Rayees: Motivated to study, got selected in M.Sc. And studying at Osmania College, Kurnool**

Dr. Jahanara Momin wrote that S. Khuleda Rayees is a M.Sc. Student and sent the following updates.

"STEM FIELD"

My name is "Khuleda Rayees" studying M.Sc (Chemistry). I have selected because of stem field workshop. "STEM FIELD" workshop helped in many way. I face alot of interview. I'm very interested to join in "STEM FIELD". But my parents didn't send me to apply the stem field. stem field is very helpful to every one now-a-days. I have faced and selected the many interview because of stem field. stem field is very useful to me. from stem field we got many new ideas and inspiration to move forward to every one and become a good lecturer are professors in life. stem field gives that a every girl should be independant.

I thank to Dr. Sultana N. Nahar  
Dr. Karen Buning  
Dr. narveen Haque.

Thank you so much "Hath"  
"STEM FIELD"
