

## **Impact Report by Dr. Noore Zahra ,Local Expert,Delhi,WSR**

The goals of the WSR workshop were to enhance learning of women student in STEM fields and improving their attitudes about the STEM field and in the attractiveness of STEM careers. Students learn about the science disciplines, technology, engineering, and mathematics during the workshop .It has helped to enhance their intellectual development, awareness toward opportunities for future study and work, and choices of subjects and career.

I have been in touch with mentors and participants of workshop and have been observing good impact of workshop. It has tied us in a network where the guidance to participants and sharing of knowledge base become portal and easy.
